

1) I would like to get the dates/locations for upcoming Localism Hearings. I am located in San Diego, California.

2) Regarding, Mark Lloyd the new Diversity Officer. How was he appointed to this position? Who appointed Him?

Did he really advocate a 100% surcharge/tax on "Conservative" radio stations and have the funds from such a tax/fee etc. be given to Public radio stations?

3) Is there a ethics violation or Conflict of Interest in the nature of the Head of GE that owns NBC and its related stations since he is also an advisor to the Obama Administration. It seems that this issue alone would be something that the FCC would need to investigate and deal with.
