SUMMARY

Immaculate Conception Grade School (“School”) supplements its timely-filed request for review of a decision by the Schools and Libraries Division of the Universal Service Administrative Company (collectively, “USAC”) seeking recovery of Schools and Libraries Support Mechanism (“E-Rate Program” or “Program”) funds awarded to the School for Funding Year (“FY”) 2005. USAC’s recovery is grounded in the assertion that the School abrogated control over the competitive bidding process to a service provider, Computer Technical Services, Inc. (“CTS”).

USAC has provided no documentation or evidence to substantiate the asserted basis for its action. As such, USAC has denied the School the right to file a comprehensive response to USAC’s claims. The Commission has expressly stated that applicants must be afforded the opportunity to demonstrate that they did not violate the Commission’s competitive bidding rules. USAC has meaningfully denied the School that opportunity.

Nevertheless, the School maintains that it made the decisions, without influence or participation by CTS, about the services to be acquired. The vendor-neutral descriptions contained on the relevant FCC Form 470 for FY2005 did not provide any competitive advantage to CTS or for that matter any other bidder in the process. Therefore, there was no violation of the competitive bidding rules and the basis for the request for return of funds now, more than five years after the Form 470 was posted, is incorrect.

Moreover, the School acted in good faith and there is no assertion that there has been any fraud or misuse of program funds. To require the return of funds now, so many years later, by a small private Catholic school would work an undue, unfair and unsustainable hardship.

SUPPLEMENT TO REQUEST FOR REVIEW

Immaculate Conception Grade School (the “School” or “Immaculate”), acting through counsel and pursuant to and in accordance with Sections 54.719-54.721 of the Federal Communication Commission’s (“Commission”) rules, hereby supplements its previously-filed Request For Review (“Request”).¹ Therein, the School sought review of USAC’s ruling on appeal to affirm its previous decision to recover certain Schools and Libraries Support Mechanism (“E-Rate Program” or “Program”) funding provided to the School for FY2005.

USAC claims the recovery is justified because the School did not conduct a fair and open competitive bidding process and improperly surrendered control of that process to the ultimately successful service provider, Computer Technical Services, Inc. (“CTS”).² The School respectfully submits that USAC’s conclusion is factually in error and not legally supportable.

¹ On May 27, 2009 the School filed a Request for Review with the Federal Communications Commission (“FCC” or “Commission”) seeking review of the April 23, 2009 denial by Schools and Libraries Division of the Universal Service Administrative Company (collectively, “USAC”) of an appeal the School filed with USAC for Funding Year (“FY”) 2005. FCC Administrative Record (“FCCAR”) at 00001-00005. The School respectfully requests that the Commission associate this Supplement To Request For Review (hereinafter “Supplement”) with that filing.

² FCCAR00004-00005. (USAC Letter dated April 23, 2009, denying the School’s FY2005 funding requests for Funding Request Numbers (“FRNs”) 1222900, 1222901, 1222903, 1224617 and 1224626 (the “Denial Letter”).

Therefore, the School's Request must be granted and USAC's efforts to recover the FY2005 Program funds terminated.

I. STATEMENT OF THE SCHOOL'S INTEREST IN THE REQUEST

The School has standing to file its appeal because Section 54.719(c) of the Commission's rules provides that "[a]ny person aggrieved by an action taken by a division of the Administrator ... may seek review from the Federal Communications Commission."³ In this case, the School is directly aggrieved by USAC's Denial Letter and its continued effort to recover previously-approved Program funds expended in accordance with that approval.

II. KEY BACKGROUND FACTS

A. The School

Immaculate is a private, coed, Catholic elementary school located in the Bronx, New York, one of a number of such schools in the Archdiocese of New York that participate in the E-Rate Program. The School serves more than 600 students in grades NS-8.

B. FCC Form 470

On August 20, 2004, USAC posted the School's FCC Form 470, Application No. 675770000500853, indicating the School's intent to seek telecommunications, Internet access, and internal connections services.⁴ The School did not post a separate RFP for any of the services.

³ 47 C.F.R. § 54.719(c).

⁴ FCCAR00006-00012 (FCC Form 470, Application Number 675770000500853, August 20, 2004).

Specifically, on its FCC Form 470, the School sought the following services:

Telecommunications	
Local Voice Service	6 lines
Long Distance Service	6 lines
Cellular Services	6 lines
Internet Access	
Dedicated Internet Service	entire school (110 connections)
Dedicated Internet Lines	entire school (Back-up)
Internal Connections	
Telephone System support (PBX)	35 current connections
LAN Maintenance	110 current connections
Wireless network connection	110 new connections

The School conducted a competitive bidding process pursuant to the Commission's rules and waited 28 days after posting the FCC Form 470 before choosing Verizon-New York, Inc., Nextel, AT&T Corp. and CTS for the services requested.

C. FCC Form 471

On February 17, 2005, the School filed its certified FCC Form 471, Application No. 440709, with USAC certifying its selection of Verizon-New York Inc., Nextel, and AT&T Corp. as its telecommunications providers and CTS as its Internet access and internal connection service provider.⁵ Specifically, the FCC Form 471 included the following funding requests: FRNs 1222900 and 1222901 for Internet access and FRNs 1222903, 1224617 and 1224626 for internal connections. USAC subsequently approved the FY 2005 funding request and to date has disbursed \$18,360 for FRN 1222900; \$16,470 for FRN 1222901, \$0 for FRN 1222903, \$0 for FRN 1224617 and \$8,100 for FRN 1224626.

⁵ FCCAR00013-00021 (FCC Form 471 Application No. 440709, Feb. 17, 2005).

D. USAC's Commitment Adjustment Letter

Almost six years after the posting of the original FCC Form 470, on October 6, 2008, USAC sent the School a Notification of Commitment Adjustment Letter (“COMAD”) for the FRNs listed above, adjusting USAC’s funding commitment to \$0.00. Therein USAC provided the following Funding Commitment Adjustment Explanation:

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of review, it was determined that the service provider Computer Technical Services participated in the preparation of the Form 470 which established the competitive bidding process for FRN[s] 1222900 [1222901, 1222903, 1224617 and 1224626] by drafting the content of the Form 470 and submitting the Form 470 to USAC. FCC rules require applicants to submit a Form 470 to initiate the competitive bidding process, and to conduct a fair and open process. Accordingly, the applicant should not have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with “inside” information or allow it to unfairly compete in any way. By having the service provider engaged in the preparation and submission of its Form 470, the applicant surrendered control of the competitive bidding process to the service provider who participated in the competitive bidding process as a bidder. Accordingly, the commitment has been rescinded in full and USAC will seek recovery of any funds disbursed in violation of the program’s competitive bidding rules. USAC has determined that both the applicant and the service provider are responsible for this rule violation; if any funds were disbursed, USAC will seek recovery of the improperly disbursed funds from both the applicant and the service provider.⁶

⁶ FCCAR00022-00031 (Notification of Commitment Adjustment Letter for Form 471, Application Number 440709, Oct. 6, 2008).

E. The School's Appeal And The USAC Denial Letter

The School timely appealed the COMAD to USAC on November 28, 2008, but on April 23, 2009, USAC issued its Denial Letter.⁷ USAC's explanation on appeal ("Denial Explanation") was as follows:

Program rules prohibit service providers from participating in developing, filling out, completing or posting the Form 470. Even if the FCC Forms 470 in question provided vendor-neutral information, USAC disagrees that a fair and open bidding process was conducted by Immaculate Conception G School. Further, USAC disagrees with the appellant's assertion that Immaculate Conception G School did not surrender control of the competitive bidding process to a service provider.

In filing [sic] out the FCC Forms 470, CTS helped the entities to determine what types of services to seek. In so doing, the entities necessarily revealed information to CTS that it did not reveal to any other prospective bidder.

According to the documentation provided to USAC, a representative of CTS filled out and submitted the FCC Form 470, which constitutes a violation of the prohibition against service providers filling out forms that require an applicant's certification, as well as a violation of the requirement that the FCC Form 470 be completed by the entity that will negotiate with prospective bidders. CTS assisted in completing the FCC Form 470 even though Immaculate Conception G School was the entity that would negotiate with prospective bidders.

Additionally, CTS performed many of the competitive bidding tasks that would ordinarily have been performed by Immaculate Conception G School. For example, Immaculate Conception G School did not have to prepare a list of services to bid out, fill out the FCC Form 470, or submit the FCC Form 470 to USAC. Therefore, the assistance that CTS provided to Immaculate Conception G School may have caused the entity to look more favorably on CTS bid as opposed to bids from companies who did not provide such assistance.

⁷ FCCAR00004-00005.

Your Letter of Appeal seems to indicate that because Immaculate Conception G School certified the FCC Form 470 and chose the service provider, the entity maintained control of the competitive bid process. However, for the reasons noted above, USAC determined that a competitive bid violation did occur. Consequently, the appeal is denied.

As noted in its timely filed Request, the School respectfully disagrees with USAC's analysis and conclusions. This Supplement outlines in greater detail the grounds for that disagreement.

III. STANDARD OF REVIEW

USAC's authority to administer the E-Rate Program is limited to implementing and applying the Commission's rules and the Commission's interpretations of those rules as found in Commission decisions and orders.⁸ USAC is not empowered to make policy, interpret any unclear provisions of the governing statute or the rules promulgated by the Commission,⁹ or create the equivalent of new guidelines.¹⁰ USAC is responsible for "administering the universal support mechanisms in an efficient, effective, and competitively neutral manner."¹¹ The Commission's review of the Denial Letter is *de novo*, without being bound by any findings or conclusions of USAC.¹²

First, the School fully complied with the Commission's rules on seeking competitive bids by signing and certifying the FCC Form 470,¹³ carefully considering all bids submitted,¹⁴ and

waiting the required four weeks before making commitments with the selected providers of services.¹⁵

Second, CTS did not violate any of Commission's rules described above: CTS neither signed nor certified the FCC Form 470. In addition, contrary to USAC's assertion in the COMAD, CTS did not prepare or select services the School sought in the FCC Form 470. Because USAC's conclusion is inaccurate and without foundation in Commission rules or precedent, the COMAD must be rescinded.

IV. ARGUMENT

A. USAC Failed To Provide Any Documentation Or Evidence To Substantiate Its Commitment Adjustment

The SLD failed to provide any specific language, documents or other evidence to support the conclusions in its Denial Explanation that CTS impermissibly participated in the School's competitive bidding process for FY2005. That explanation refers to "documentation provided to USAC," but does not identify what that "documentation" is, what is the context of the allegations or what in the "documentation" supported USAC's conclusions.

USAC's failure to substantiate its finding denies the School its due process rights to file a meaningful and substantive appeal to the FCC.¹⁶ The Commission has clearly concluded that without specific information to determine the basis for a denial, applicants cannot provide comprehensive responses to USAC's arguments.¹⁷ Yet the Commission has expressly instructed

¹⁵ 47 C.F.R. § 54.504(b)(4).

¹⁶ Moreover, the Commission has also noted that with the passage of time, the ability of applicants to effectively respond to allegations of rule violations years before can be substantially affected. *Request for Review of the Decision of the Universal Service Administrator by Academy of Careers and Technology*, Order, 21 FCC Rcd 5348, 5351, ¶18 n.20 (2006) ("*Academy of Careers Order*"). Again, the USAC COMAD came some six years after the original Form 470 was filed.

¹⁷ *Academy of Careers Order*, 23 FCC Rcd at 5350, ¶16.

USAC that applicants must be afforded the “opportunity to demonstrate that they did not violate the Commission’s competitive bidding rules.”¹⁸ Similarly, the School cannot file an informed appeal without specific information from USAC on which it is basing its decision.¹⁹

B. The School’s FCC Form 470 Provided Vendor-Neutral Information And The School Conducted A Fair And Open Bidding Process

The Commission’s competitive bid requirements for the E-Rate Program require applicants to seek competitive bids for eligible services through completing, certifying and submitting FCC Form 470 to USAC. Among the competitive bid requirements, an applicant must name a contact person and wait 28 days²⁰ before selecting “the most cost-effective service or equipment offering, with price being the primary factor.”²¹

The School complied with all aspects of the Commission’s competitive bidding process. On August 20, 2004, USAC posted the School’s FCC Form 470 for FY2005. Among the services it requested, the School sought Internet access described as “dedicated internet service” for “entire school (110 current connections).” It also sought internal connections, described as “LAN maintenance” for “110 current connections;” “telephone system support (PBX)” for “35 current connections;” and “wireless network connection” for “110 new connections.” This request was posted for a period of at least 28 days in accordance with Commission rules. After waiting nearly six months, the School considered all bids received and selected CTS as the low-cost provider for Internet access and internal connections. The School filed its FCC Form 471 on February 17, 2005.

¹⁸ *Academy of Careers Order*, 23 FCC Rcd at 5348, ¶1.

¹⁹ The School filed a FOIA Request with the FCC on November 26, 2008 in an attempt to obtain the information, but has been unsuccessful in its efforts to obtain any information relied upon by USAC.

²⁰ 47 C.F.R. § 54.504(b)(4).

²¹ 47 C.F.R. § 54.504(b)(2)(vii).

A simple, cursory review of the FCC Form 470 demonstrates that the services requested are vendor neutral and cannot benefit any one specific provider over another. The School sought basic Internet access and internal connections services in FY2005. The type of generic Internet access the School sought is offered by most vendors. For example, in seeking Internet access, the School's FCC Form 470 states that it is seeking "dedicated internet service." Similarly, when describing internal connections, the School listed "LAN maintenance" and "telephone system support (PBX)." These are vendor-neutral, ubiquitous terms describing service that any service provider in the market of providing such services could bid upon. Clearly, CTS could not have an unfair advantage or inside information regarding the provision of services described in such a generic manner.

Although effectively conceding that vendor-neutral language was employed, USAC simply disagrees that the presence of such generic terms had any effect on the fairness and openness of the competitive bidding process. It offers no FCC rule or precedent that supports simply ignoring the significance of the concededly-generic terms.

If in fact a service provider gave an applicant highly restrictive specifications for its FCC Form 470 that only one service provider could fulfill, one could legitimately question whether a bona fide fair and open competitive bidding process took place. This was not the case here. The School's FCC Form 470 specifications were extremely general and provided great flexibility. A variety of competing vendors could meet these specifications. Due to the specifications' generality, the School could not have staged an unfair and effectively closed bidding process. All bidders were on a "level playing field" and therefore there could have been no actual harm to the competitive bidding process.²² There is no evidence that other any other bidders were not

²² See *Request for Review of Decisions of the Universal Service Administrator by Approach Learning and Assessment Centers, et al.*, Order, 23 FCC Rcd 15510, 15513-14, ¶18 (Telecom. Access Pol. Div. 2008) ("*Approach*

considered.²³ Absent any demonstration of any such competitive advantage, the competitive bidding process should not be deemed to have been tainted.²⁴

In sum, the School complied with all aspects of the FCC's competitive bidding process by signing and certifying its FCC Form 470 and waiting at least the mandatory 28 days to consider bids and carefully considered any and all bids before choosing CTS as its service provider. USAC has presented no genuine evidence that the competitive bidding process failed to be fair and open in compliance with the Commission's rules.

C. The School Did Not Surrender Control Of The Competitive Bidding Process To Any Service Provider, Including Computer Technical Services, In Connection With The FY2005 Application

The School did not abrogate its competitive bid responsibility. Contrary to USAC's assertion that CTS helped the School determine what types of services to seek, the School's pastor has declared:

Immaculate and only School personnel, including myself, decided what E-Rate eligible services the School required and for which the School would seek E-Rate Program support in each of the Funding Years. No service provider, consultant or other third party, including Computer Technical Services ("CTS"), dictated, controlled, influenced or otherwise had a role in the substantive decisions about or selection of the services sought on the relevant FCC Form 470 applications for the Funding Years. The contents of those applications were determined solely by Immaculate and the School's personnel. Immaculate personnel certified the FCC Form 470s. The descriptions of the services sought chosen by the School did not provide a preference to any bidder. The service providers selected and reflected on the relevant FCC Form 471s, including

CTS, were chosen solely by Immaculate and School personnel, including myself, through a competitive bidding process conducted and controlled by Immaculate School personnel and no other party.²⁵

Again, USAC has offered no evidence that the School failed to remain in charge of determining the services to be acquired and what would be the contents of its FCC Form 470. CTS also has declared that it did not influence or participate in the School's competitive bid process.²⁶

There has been no abrogation by the School of its responsibilities under the rules. Rather, the School expressly complied with the Commission's competitive bidding rules by signing and certifying its FCC Form 470, reviewing bids received, and selecting its service providers, including CTS, after the time allotted under Commission rules had elapsed.

In *MasterMind*, the Commission expressly recognized that a service provider may be involved in providing technical and vendor-neutral assistance during the competitive bidding process.²⁷ Specifically, in *MasterMind*, where the applicant did not name a MasterMind

It provides guidance for service providers at the time the FCC Form 470 was filed). Service providers can communicate with an applicant so long as such communication is neutral and does not taint the competitive bidding process. A service provider can provide basic information regarding the E-rate Program to an applicant and can assist with an applicant's RFP so long as the assistance is neutral. Clerical and ministerial assistance does not automatically create a competitive bidding violation. See also *Requests for Review of the Decisions of the Universal Service Administrator by Caldwell Parish School et al.*, Order, 23 FCC Rcd 2784, 2788-89, ¶12 (2008) ("*Caldwell Order*") (service provider provision of Fed Ex service for FCC Form 470 was not assistance which interfered with competitive bidding process).

employee as the contact person and a MasterMind employee did not sign the FCC Form 470,²⁸ the Commission held that no competitive bidding violation occurred – despite service provider involvement. Only where an applicant named a MasterMind employee as the contact person on their Forms 470 and permitted the service provider to prepare and distribute RFPs to potential bidders did the Commission determine that the applicant had surrendered control of the bidding process to an employee of MasterMind.

The facts in this case are inapposite to the facts in *MasterMind*. In the instant case, CTS neither signed nor served as the contact person on the School's FCC Form 470. Father John LoSasso, the School's pastor, served as the contact person and certified the School's FCC Form 470. The School -- not CTS -- selected the vendor-neutral services it sought without involvement from CTS. The School chose vendor-neutral services without involvement or input from CTS and that did not favor CTS' selection. As a result, no Commission competitive bid violation occurred.²⁹

USAC asserts that the School “may have” looked more favorably on the CTS bid, but offers no demonstration that the School actually did so. The School respectfully submits that Commission should not, years after the grant of the support, uphold a COMAD based on USAC's speculation that something “may have” occurred.

In its COMAD, USAC asserts that “[d]uring the course of review, it was determined that the service provider Computer Technical Services participated in the preparation of the Form 470 ...” However, although USAC refers to “documentation” that it received, USAC fails to

²⁸ *MasterMind Order*, 16 FCC Rcd at 4034-35, ¶14.

²⁹ Again, USAC has cited no FCC precedent permitting USAC to conclude that mere administrative assistance, such as perfunctory data entry tasks, constitutes the surrender by a school of its entire competitive bidding process. See *Caldwell Order*, *supra* n.27.

produce any evidence supporting this claim. Father John LoSasso, the School's pastor, unequivocally states that the School controlled the competitive bidding process through the FCC Form 470.³⁰ John Rodriguez, CTS' former president, has stated that neither he nor his staff ever participated in the preparation of the School's Form 470.³¹ Thus, the School respectfully submits that USAC has failed to make its case.

Furthermore, there is absolutely no evidence here of any activity by the School intended to defraud or abuse the E-Rate Program.³² Nor is there any evidence of any waste, fraud or abuse or misuse of funds.³³ Moreover, the imposition of a requirement to reimburse the requested funds under these circumstances so many years after they were originally approved and expended would impose an undue hardship on the School.³⁴ The School acted in good faith.³⁵ Doing so would not further the purpose of preserving and advancing access to universal service support for schools and libraries.³⁶ Under such circumstances, it would be inequitable to uphold the USAC Denial Letter.³⁷ The Commission should not do so.

V. CONCLUSION AND REQUEST FOR RELIEF

For the reasons set forth above, the School respectfully requests that the Commission grant this Request and direct USAC to overturn its prior decision and cancel the COMAD relating to the FY2005 funding requests for FRNs 1222900 and 1222091 for Internet access and FRNs 1222903, 1224617 and 1224626 for internal connections.

There is just no evidence, as opposed to surmise by USAC, of the School's failure to comply with the core program requirements, and the School complied with the Commission's rules. In the spirit of *MasterMind*, taking into consideration all of the circumstances outlined above, the School respectfully submits that the Commission must find that there has been no violation of the competitive bidding process and grant its Request to rescind the COMAD.

**Re: Appeal of USAC Decision On Appeal Of Notification Of Commitment Adjustment
CC Docket No. 02-6**

Applicant Name:	Immaculate Conception G School
Billed Entity Number:	10691
Funding Year	2005
Form 471 App. Number:	440709
Funding Request Numbers:	1222900, 1222901, 1222903, 1224617, 1224626

Dear Ms. Dortch:

Immaculate Conception Grade School ("Immaculate"), acting through counsel and pursuant to Sections 54.719-54.721 of the Commission's rules¹, hereby timely files this Request for Review ("Appeal"). The Appeal requests Commission review of the adverse decision of the Administrator of the Universal Service Administrative Company ("USAC") denying the funding requests enumerated above for Funding Year 2004 and seeking recovery of previously disbursed E-rate support funds. *See* Exhibit 1 attached hereto.

More specifically, on April 23, 2009, USAC's Schools and Libraries Division ("SLD") issued a decision denying an appeal filed by Immaculate with USAC. In its decision USAC held that Immaculate was responsible for an E-rate program rule violation relating to the Commission's

¹ 47 C.F.R. §§ 54.719-54.721

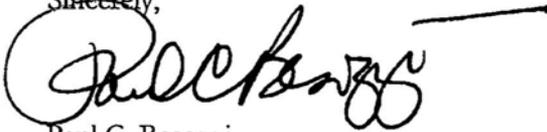

competitive bidding rules. The USAC appeal denial reiterated a previous USAC decision requiring the applicant to return previously disbursed funds made available pursuant to the referenced Funding Request Numbers ("FRN").

Immaculate is aggrieved by USAC's April 23, 2009 decision and submits that for various reasons outlined in its appeal to USAC and others that it will submit to the Commission the latest USAC decision is unwarranted and unjustified under the rules, policies and requirements governing the E-rate Program applicable to the referenced Application and Funding Request Numbers.

Immaculate is filing this Appeal well prior to the 60-day appeal period prescribed by the Commission's rules because a few days after USAC released Exhibit 1 it also issued a Demand Payment Letter requiring Immaculate to pay the amount sought to be recovered under three of the FRNs, with such payment due in 30 days (i.e., by May 28, 2009). On May 18, 2009 USAC Staff informed the undersigned counsel that the only way to forestall the further implementation of USAC's collection process was to file this appeal, even though there remained significant time before the end of the 60-day appeal deadline.

Immaculate will supplement this Appeal with a full discussion of the facts, Immaculate's position and supporting arguments.

Sincerely,

Paul C. Besozzi

Counsel to Archdiocese of New York and Immaculate Conception G School

Re: Applicant Name: IMMACULATE CONCEPTION G SCHOOL
Billed Entity Number: 10691
Form 471 Application Number: 440709
Funding Request Number(s): 1222900, 1222901, 1222903, 1224617, 1224626
Your Correspondence Dated: November 28, 2008

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's Funding Year 2005 Commitment Adjustment Letter for the Application Number indicated above. This letter explains the basis of USAC's decision. The date of this letter begins the 60 day time period for appealing this decision to the Federal Communications Commission (FCC). If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 1222900, 1222901, 1222903, 1224617, 1224626
Decision on Appeal: Denied
Explanation:

- Program rules prohibit service providers from participating in developing, filling out, completing and posting the Form 470. Even if the FCC Forms 470 in question provided vendor-neutral information, USAC disagrees that a fair and open bidding process was conducted by Immaculate Conception G School. Further, USAC disagrees with the appellant's assertion that Immaculate Conception G School did not surrender control of the competitive bidding process to a service provider.

In filing out the FCC Forms 470, CTS helped the entities to determine what types of services to seek. In so doing, the entities necessarily revealed information to CTS that it did not reveal to any other prospective bidder.

According to the documentation provided to USAC, a representative of CTS filled out and submitted the FCC Form 470, which constitutes a violation of the prohibition against service providers filling out forms that require an applicant's certification, as well as a violation of the requirement that the FCC Form 470 be completed by the entity that will negotiate with prospective bidders. CTS assisted in completing the FCC Form 470 even though Immaculate Conception G School was the entity that would negotiate with prospective bidders.

Additionally, CTS performed many of the competitive bidding tasks that would ordinarily have been performed by Immaculate Conception G School. For example Immaculate Conception G School did not have to prepare a list of services to bid out, fill out the FCC Form 470, or submit the FCC Form 470 to USAC. Therefore, the assistance that CTS provided to Immaculate Conception G School may have caused the entity to look more favorably on CTS bid as opposed to bids from companies who did not provide such assistance.

Your Letter of Appeal seems to indicate that because Immaculate Conception G School certified the FCC Form 470 and chose the service provider, the entity maintained control of the competitive bid process. However, for the reasons noted above, USAC determined that a competitive bid violation did occur. Consequently, the appeal is denied.

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either USAC or the FCC. For appeals that have been denied in full, partially approved, dismissed, or canceled, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received or postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.

26. I certify that all of the schools and libraries or library consortia listed in Block 4 of this application are covered by technology plans that are written, that cover all 12 months of the funding year, and that have been or will be approved by a state or other authorized body, and an SLD-certified technology plan approver, prior to the commencement of service. The plans are written at the following level(s):
- a. an individual technology plan for using the services requested in this application; and/or
 - b. higher-level technology plan(s) for using the services requested in this application; or
 - c. no technology plan needed; applying for basic local, cellular, PCS, and/or long distance telephone service and/or voice mail only.

27. I certify that I posted my Form 470 and (if applicable) made my RFP available for at least 28 days before considering all bids received and selecting a service provider. I certify that all bids submitted were carefully considered and the most cost-effective service offering was selected, with price being the primary factor considered, and is the most cost-effective means of meeting educational needs and technology plan goals.

28. I certify that the entity responsible for selecting the service provider(s) has reviewed all applicable FCC, state, and local procurement/competitive bidding requirements and that the entity or entities listed on this application have complied with them.
29. I certify that the services the applicant purchases at discounts provided by 47 U.S.C. Sec. 54.500(k). Additionally, I certify that the Billed Entity has not received anything of value or a promise of anything of value, other than services and equipment requested under this form, from the service provider(s) or any representative or agent thereof or any consultant in connection with this request for services.
30. I certify that I and the entity(ies) I represent have complied with all program rules and I acknowledge that failure to do so may result in denial of discount funding and/or cancellation of funding commitments. There are signed contracts covering all of the services listed on this Form 471 except for those services provided under non-contracted tariffed or month-to-month arrangements. I acknowledge that failure to comply with program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.
31. I acknowledge that the discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, receive an appropriate share of benefits from those services.
32. I certify that I will retain required documents for a period of at least five years after the last day of service delivered. I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts, and that if audited, I will make such records available to the Administrator. I acknowledge that I may be audited pursuant to participation in the schools and libraries program.
33. I certify that I am authorized to order telecommunications and other supported services for the eligible entity (ies) listed on this application. I certify that I am authorized to submit this request on behalf of the eligible entity (ies) listed on this application, that I have examined this request, that all of the information on this form is true and correct to the best of my knowledge, that the entities that are receiving discounts pursuant to this application have complied with the terms, conditions and purposes of this program, that no kickbacks were paid to anyone and that false statements on this form can be punished by fine or forfeiture under the Communications Act, 47 U.S.C. Secs. 502, 503(b), or fine or imprisonment under the Title 18 of the United States Code, 18 U.S.C. Sec. 1001 and civil violations of the False Claims Act.

34. I acknowledge that FCC rules provide that persons who have been convicted of criminal violations or held civilly liable for certain acts arising from their participation in the schools and libraries support mechanism are subject to suspension and debarment from the program. I will institute reasonable measures to be informed, and will notify USAC should I be informed or become aware that I or any of the entities listed on this application, or any person associated in any way with my entity and/or entities listed on this application, is convicted of a criminal violation or held civilly liable for acts arising from their participation in the schools and libraries support mechanism.
35. I certify that if any of the Funding Requests on this Form 471 are for discounts for products or services that contain both eligible and ineligible components, that I have allocated the cost of the contract to eligible and ineligible companies as required by the Commission's rules at 47 C.F.R. Sec. 54.504(g)(1),(2).
36. I certify that this funding request does not constitute a request for internal connections services, except basic maintenance services, in violation of the Commission requirement that eligible entities are not eligible for such support more than twice every five funding years beginning with Funding Year 2005 as required by the Commission's rules at 47 C.F.R. Sec. 54.506(c).
37. I certify that the non-discounted portion of the costs for eligible services will not be paid by the service provider. The pre-discount costs of eligible services features on this Form 471 are net of any rebates or discounts offered by the service provider. I acknowledge that, for the purpose of this rule, the provision, by the provider of a supported service, of free services or products unrelated to the supported service or product constitutes a rebate of some or all of the cost of the supported services.

39. Signature Date 2/17/2005

The Americans with Disabilities Act, the Individuals with Disabilities Education Act and the Rehabilitation Act may impose obligations on entities to make the services purchased with these discounts accessible to and usable by people with disabilities.

Our routine review of Schools and Libraries Program funding commitments has revealed certain applications where funds were committed in violation of program rules.

In order to be sure that no funds are used in violation of program rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the adjustments to your funding commitment required by program rules, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the program rule violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of the Demand Payment Letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." Please see the "Informational Notice to All Universal Service Fund Contributors, Beneficiaries, and Service Providers" at <http://www.universalservice.org/fund-administration/tools/latest-news.aspx#083104> for more information regarding the consequences of not paying the debt in a timely manner.

TO APPEAL THIS DECISION:

If you wish to appeal the Commitment Adjustment Decision indicated in this letter, your appeal must be received or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from your application for which adjustments are necessary. Immediately preceding the Report, you will find a guide that defines each line of the Report.

The SLD is also sending this information to your service provider(s) for informational purposes. If USAC has determined the service provider is also responsible for any rule violation on these Funding Request Numbers, a separate letter will be sent to the service provider detailing the necessary service provider action.

Please note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Please note the Funding Commitment Adjustment Explanation in the attached Report. It explains why the funding commitment is being reduced. Please ensure that any invoices that you or your service provider submit to USAC are consistent with program rules as indicated in the Funding Commitment Adjustment Explanation. If the Funds Disbursed to Date amount exceeds your Adjusted Funding Commitment amount, USAC will have to recover some or all of the disbursed funds. The Report explains the exact amount (if any) the applicant is responsible for repaying.

A GUIDE TO THE FUNDING COMMITMENT ADJUSTMENT REPORT

A report for each E-rate funding request from your application for which a commitment adjustment is required is attached to this letter. We are providing the following definitions for the items in that report.

FUNDING REQUEST NUMBER (FRN): A Funding Request Number is assigned by the SLD to each individual request in your Form 471 once an application has been processed. This number is used to report to applicants and service providers the status of individual discount funding requests submitted on a Form 471.

SERVICES ORDERED: The type of service ordered from the service provider, as shown on Form 471.

SPIN (Service Provider Identification Number): A unique number assigned by the Universal Service Administrative Company to service providers seeking payment from the Universal Service Fund for participating in the universal service support mechanisms. A SPIN is also used to verify delivery of services and to arrange for payment.

SERVICE PROVIDER NAME: The legal name of the service provider.

CONTRACT NUMBER: The number of the contract between the applicant and the service provider. This will be present only if a contract number was provided on your Form 471.

BILLING ACCOUNT NUMBER: The account number that your service provider has established with you for billing purposes. This will be present only if a Billing Account Number was provided on your Form 471.

SITE IDENTIFIER: The Entity Number listed in Form 471, Block 5, Item 22a. This number will only be present for "site specific" FRNs.

ORIGINAL FUNDING COMMITMENT: This represents the original amount of funding that SLD had reserved to reimburse you for the approved discounts for this service for this funding year.

COMMITMENT ADJUSTMENT AMOUNT: This represents the amount of funding that SLD has rescinded because of program rule violations.

ADJUSTED FUNDING COMMITMENT: This represents the adjusted total amount of funding that SLD has reserved to reimburse for the approved discounts for this service for this funding year. If this amount exceeds the Funds Disbursed to Date, the SLD will continue to process properly filed invoices up to the new commitment amount.

FUNDS DISBURSED TO DATE: This represents the total funds that have been paid to the identified service provider for this FRN as of the date of this letter.

FUNDS TO BE RECOVERED FROM APPLICANT: This represents the amount of improperly disbursed funds to date as a result of rule violation(s) for which the applicant has been determined to be responsible. These improperly disbursed funds will have to be recovered from the applicant.

FUNDING COMMITMENT ADJUSTMENT EXPLANATION: This entry provides an explanation of the reason the adjustment was made.

**Funding Commitment Adjustment Report for
Form 471 Application Number: 440709**

Funding Request Number:	1222900
Services Ordered:	INTERNET ACCESS
SPIN:	143025657
Service Provider Name:	Computer Technical Services
Contract Number:	MTM
Billing Account Number:	
Site Identifier:	10691
Original Funding Commitment:	\$27,000.00
Commitment Adjustment Amount:	\$27,000.00
Adjusted Funding Commitment:	\$0.00
Funds Disbursed to Date:	\$18,360.00
Funds to be Recovered from Applicant:	\$18,360.00

Funding Commitment Adjustment Explanation:

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of review, it was determined that the service provider Computer Technical Services participated in the preparation of the Form 470 which established the competitive bidding process for FRN 1222900 by drafting the content of the Form 470 and submitting the Form 470 to USAC. FCC rules require applicants to submit a Form 470 to initiate the competitive bidding process, and to conduct a fair and open process. Accordingly, the applicant should not have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with "inside" information or allow it to unfairly compete in any way. By having the service provider engaged in the preparation and submission of its Form 470, the applicant surrendered control of the competitive bidding process to the service provider who participated in the competitive bidding process as a bidder. Accordingly, the commitment has been rescinded in full and USAC will seek recovery of any funds disbursed in violation of the program's competitive bidding rules. USAC has determined that both the applicant and the service provider are responsible for this rule violation; if any funds were disbursed, USAC will seek recovery of the improperly disbursed funds from both the applicant and the service provider.

DECLARATION

1. I, Father John LoSasso, am the pastor of Immaculate Conception Church and, as such, am responsible for Immaculate Conception Grade School ("Immaculate" or "School") in the Bronx, New York. I have occupied that position since 1996. In my position I have overall responsibility for Immaculate's participation as an applicant in the Schools and Libraries Support Mechanism ("E-Rate Program") administered by the Universal Service Administrative Company ("USAC"). That included the applications for E-Rate Program support for Funding Years 2002, 2003, 2004 and 2005 ("Funding Years"). As such I am familiar with Immaculate's participation in the E-Rate Program application process for such support for the Funding Years.

2. I have reviewed the Notification of Commitment Adjustment Letters, issued in October, 2008, whereby USAC has rescinded the support previously approved under Funding Commitment Decision Letters for certain Funding Request Numbers for each of the Funding Years ("COMADs"), as well as the Immaculate appeals filed with USAC concerning those COMADs and USAC's April 23, 2009 denials of the Immaculate appeals for Funding Years 2003, 2004 and 2005.

3. Immaculate and only School personnel, including myself, decided what E-Rate eligible services the School required and for which the School would seek E-Rate Program support in each of the Funding Years. No service provider, consultant or other third party, including Computer Technical Services ("CTS"), dictated, controlled, influenced or otherwise had a role in the substantive decisions about or selection of the services sought on the relevant FCC Form 470 applications for the Funding Years. The contents of those applications were determined solely by Immaculate and the School's personnel. Immaculate personnel certified the FCC Form 470s. The descriptions of the services sought chosen by the School did not provide a preference to any bidder. The service providers selected and reflected on the relevant FCC Form 471s, including CTS, were chosen solely by Immaculate and School personnel, including myself, through a competitive bidding process conducted and controlled by Immaculate School personnel and no other party.

I declare under penalty of perjury this 8th day of September, 2009 that the foregoing representations and statements are true and correct.

A handwritten signature in cursive script, appearing to read "John LoSasso", is written over a horizontal line.

DECLARATION

1. I, John Rodriguez, am the former President of Computer Technical Services, Inc. ("CTS"). I held that position from the time it was formed in 2001 until CTS was dissolved in 2006. I further incorporate by reference the contents of the attached documents from the Supreme Court of the State of New York, Bronx County, dated July 25, 2006, attesting to the dissolution of CTS.

2. I never received a copy of any Notification of Commitment Adjustment Letters ("COMAD") from the Universal Service Administrative Company ("USAC").

3. In my capacity at CTS I had responsibility for CTS' participation as a service provider in the Universal Service Program's Schools and Libraries Support Mechanism ("E-Rate Program") administered by USAC. This included E-Rate Program- supported services to be provided by CTS for Funding Years ("FY") 2002, 2003, 2004 and 2005.

4. I have reviewed the COMADs sent to Immaculate Conception Grade School (Billed Entity No. 10691), whereby USAC has rescinded the support approved under Funding Commitment Decision Letters for the following Funding Request Nos. ("FRN"): 796580 for FY 2002; FRNs 941033, 941034 for FY 2003; FRNs 1067034, 1067036, 1067038, 1067040, 1067041 for FY 2004; and FRNs 1222900, 1222901, 1222903, 1224617, 1224626 for FY 2005 for the Immaculate Conception Grade School. In particular, I have reviewed the Funding Commitment Adjustment Explanation therein.

5. I also have reviewed the COMADs sent to Our Lady of Grace School (Billed Entity No. 10671), whereby USAC has rescinded support approved under FCDLs for FRNs 941058 and 9411060 in FY 2003 and FRN 1072548 in FY 2004.

6. At no time did I or any member of CTS participate in the preparation or submission of Immaculate Conception's or Our Lady of Grace's FCC Forms 470 for the Funding Years at issue in the COMADs.

7. At no time did I or any member of CTS participate, other than as a bidder, in Immaculate Conception's or Our Lady of Grace's competitive bid process.

8. CTS provided the services to Immaculate Conception and Our Lady of Grace, properly billed USAC and was properly paid for the work performed.

I declare under penalty of perjury this 27th day of August, 2009, that the foregoing representations and statements are true and correct.

For the Judicial Dissolution and Liquidation of

BCL§1202, et seq.; for an Order
in favor of Petitioner for an Order

Order Pursuant to BCL§1115 and C.P.R. 86-301

-----X
HON. GEORGE D. SALERNO:

Petitioner moves by Order to Show Cause, pursuant to Business
Corporation Law §1104-a for an accounting and dissolution of the corporation,
Computer Technical Services Inc., and upon granting such relief appointing a
receiver to wind up the affairs of the corporation pursuant to Business Corporation
Law §1202. Pending oral argument and a hearing, a temporary restraining order
was issued enjoining the respondent from dissipating, transferring, or otherwise
disposing of corporate funds or selling, conveying, or otherwise disposing of the
business of the corporation.

This proceeding was commenced by Pablo Rodriguez who is allegedly the

President and majority shareholder of Computer Technical Services, Inc., a corporation established pursuant to the laws of New York State on September 9, 2001. When the corporation was formed only two persons were shareholders, the petitioner and Jamie Parra. The corporation was engaged in the business of providing computer and internet technology services. Approximately one year after the corporation was formed, Amador was hired as a secretary and later became an officer of the corporation. Amador's affidavit contains an explanation regarding the issuance of the stock to Amador. Amador's affidavit ownership, except to acknowledge that stock was issued to Amador because of his close personal relationship to her. Jamie Parra also became a shareholder and held the title of Vice President.

Prior to the commencement of this proceeding Parra transferred his shares to Rodriguez and as a result of this transfer Rodriguez claims to own 66 2/3% of the corporate stock. Both Amador and Rodriguez claim to be the recipient of Parra's shares. Amador alleges that Parra transferred the shares to Rodriguez in 2002. Amador refers to this payment by check, no exhibit was submitted. Moreover, even assuming such a transaction occurred the use of corporate funds to purchase the individual shares of a stockholder would ordinarily retire the stock. A fortiori,

North Fork Bank is the home address of Amador's brother. Amador asserts that the North Fork Bank was opened with the full knowledge of Rodriguez; however, no corporate resolutions are submitted by Amador to demonstrate Rodriguez's consent.

Interestingly, Amador submits a copy of the application made by Computer
Application of Amador in 2005 to obtain a line of credit from North Fork Bank
justifying the opening of a North Fork Bank account Amador alleges that Rodriguez
removed her as a signatory to the corporate account at JP Morgan Chase.

This saga of distrust and charges of misuse of corporate funds is spread
through petitioner's submission and Amador's opposition to the relief sought by
petitioner. For example annexed to petitioner's moving papers is a list of checks
signed by Amador made payable to herself from September 30, 2005 to January 6,

her the application for a business line of credit filed at North Fork Bank indicates
that her income is \$45,000. Also the salary information provided to JP Morgan
Chase listed Amador's annual income as \$35,000. Petitioner also claims that

Amador made unauthorized payments to members of her family such as Surie l
Castillo and that Amador's brother Henry Rojas applied for unemployment
benefits even though he was never employed by the corporation. It also appears
that Amador formed a new corporation that bears a name strikingly similar to
Computer Technical Services the entity that Amador claims to hold a majority
interest. Petitioner identifies two checks drawn on the corporation account
maintained by at Chase each
checks paid for a new entity.

The clear and convincing evidence presented by the parties to the
proceeding before this court leaves no doubt that Computer Technical Services
cannot continue to function effectively. Moreover, the dissension is manifestly
affecting the profitability of the corporation (see Matter of Gordon v. Weiss Inc.,
32 A.D.2d 279, 301 N.Y.S.2d 839). The principal protagonists involved in the
operation of Computer Technical Services anticipated rewards for their efforts
which encompass the profit of participating in the growth and the increased
value of the business
company. (See Ingle v. Glamore Motor Sales Inc., 73 N.Y.2d 183, 535 N.E.2d
1311, 538 N.Y.S.2d 771). Unfortunately this expectation has not been met.

Therefore, petitioner's motion is granted and this Court appoints Hon. Israel

Rubin, Greenberg Traurig, LLP 200 Park Avenue, New York, New York 10166,
212-801-2226, as a receiver of the property for the purpose of winding up the
affairs of the corporation.

This constitutes the decision and order of this Court.
