RE: WT Docket 02-55 and General Docket 90-221

Dear Mr. Barnett,

The Region 21 NPSPAC Plan Update Committee respectfully submits its revised Region 21 NPSPAC Plan for your approval under the "streamlined" approval process. With this revision, we replace the original frequency allocation section (866-869/821-824 MHz band) with the post-rebanding allocations in the 851-854/806-809 MHz band. Further, we have included as Appendix L a listing of the Region 21 FCC Plan Update Committee and, as Appendix M, current actual assignments of NPSPAC channels in Region 21 by county.

Thank you for your support of the regional planning process. If you have any questions or require further information, please do not hesitate to contact me.

Sincerely,

Keith M. Bradshaw
