THE United States:

There are no more City and County Taxes 2 trillions dollars tax cut every year. Each city spent each year with 17 Billions dollars per city each year of 85 billions dollars to pay to Federal Treasure and Each County 220 Billion dollars over budget limits. Home Land Security that are also police must pay back for the last 5 years of 210 billions dollars to Federal Treasure to waste and illegal people that come to the United States end up to polices where both cities polices and homeland Security police are the most destruction to United States Government. Both Polices groups allowed and themselves to theorize United States Citizens by raping, thefts, bank Robbers, and must of them get access to United States Research such Medical, nuclear, ballistic Missiles, United States Currencies, Stock Markets, Trade, Economy, unlawful arrests and prisons.

Those polices cause the church 5 quadrillions dollars and another 10 trillion dollars gold map which call end of the world or the end of times. The United States Stone diamond that represents The United States Independence made in 1742 value 100 trillions dollars had lost by polices. Polices took one U.S Passport for Dr. Franck TERTUS.

I had lost 85 trillions dollars from World Trade Center Crashed in New York from September 11, 2001 and I invest 53 trillions dollars to keep the economy up and running. Police, FBI, and some black had stolen the most important car that exist on earth to protect The United States and control the earth and the atmosphere of entire world with all new equip cost more than any thing on earth.

County budgets are now part of State budgets and there are no more County Courts just as the Decrees and Orders have said. There are only three Courts that Exist in the United States that legally allowed to function those courts are State Court that will appeal to Federal Court or Supreme Court. Federal courts cases will appeal to Highest Supreme Court of the United States preside directly by Dr. Franck TERTUS. I eliminated 15 different courts that are illegal according of the Constitution of the United States.

Counties have no part or business with Jails, Prisons, Prisoners, trials, arrestations, persecuting people, and, also city consuls and county consuls, State Preventatives, and Federal Representatives are closed, only states are allowed to post laws within that particular state that in coordination with Federal law.

All new laws past by state Senates must sign by the Governors and sent to the Federal Senate for them to become law in case of the past by congress where t he KING who is Emperor will sign the Bill then become law of entire nation.

Judicial and Court Reforms:

Federal Courts of the United States that also call Supreme Court have the appeal to Highest Supreme Court of the United States which becomes final Judgment on earth that includes France and any country in Europe that preside by AUTHORITY SUPREME who becomes SUPREME JUDGE Dr. Franck TERTUS.

States are no longer allowed to impose death Penalty on Human Life which means Death Penalty from states level is prohibited in all 50 states and 5 Islands of the United States and States have no Supreme Court, that part of Judicial Systems reform of elimination of 27 different courts in all 50 States and 5 Islands of the United States those include County Courts, Municipal courts, State Supreme Court, and Juvenile courts.
