Federal Communications Commission  
Office of the Secretary

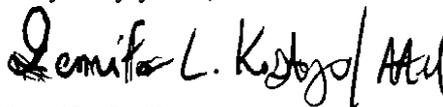

Re: Annual ETC Report and Related High Cost Certifications of T-Mobile USA, Inc.  
Federal-State Joint Board on Universal Service, CC Docket No. 96-45

Dear Ms. Dortch:

On behalf of T-Mobile USA, Inc. ("T-Mobile"), enclosed please find the original and five copies of the redacted, public version of T-Mobile's Annual Eligible Telecommunications Report and High Cost Certifications ("ETC Report") concerning its designation as an eligible telecommunications carrier in certain areas in North Carolina, submitted pursuant to Sections 54.209, 54.313, 54.314, 54.809, and 54.904 of the Commission's rules in the above-referenced proceeding.<sup>1</sup> A confidential version of the ETC Report also is being submitted to your office under separate cover, including a request for confidential treatment under Section 0.459 of the Commission's rules.<sup>2</sup>

Please date-stamp one of the enclosed copies of the ETC Report and return it in the envelope provided. If you have any questions regarding this filing, please contact the undersigned.

Very truly yours,

Jennifer L. Kostyu  
Counsel to T-Mobile USA, Inc.

Enclosures

<sup>1</sup> 47 C.F.R. §§ 54.209, 54.313, 54.314, 54.809, and 54.904.

<sup>2</sup> *Id.* § 0.459.

**REDACTED FOR PUBLIC INSPECTION**

**T-MOBILE USA, INC. ELIGIBLE TELECOMMUNICATIONS CARRIER  
ANNUAL REPORT AND CERTIFICATIONS**

Filed Pursuant To:  
47 C.F.R. §§ 54.209, 54.313, 54.314, 54.809 & 54.904  
CC Docket No. 96-45

September 30, 2009

T-Mobile USA, Inc. (“T-Mobile”) (SAC #239005) hereby submits its Annual Report and Certifications, pursuant to 47 C.F.R. §§ 54.209, 54.313, 54.314, 54.809, and 54.904, for its Eligible Telecommunications Carrier (“ETC”) designation in North Carolina.<sup>1</sup> In the *T-Mobile ETC Order*, the Commission designated T-Mobile an ETC, pursuant to 47 U.S.C. § 214(e)(6), in certain non-rural and rural telephone company areas of North Carolina for purposes of receiving federal universal service support. Attached as Exhibit A is a list of the non-rural and rural telephone company areas included in T-Mobile’s ETC service areas.

**1. Progress Report on Service Improvement Plan**

T-Mobile filed its Service Improvement Plan (“SIP”) with the Commission and line counts with the Universal Service Administrative Company (“USAC”) in December 2008 for North Carolina, thereby becoming eligible for universal service support for the first time in North Carolina in 2009. In this Annual Report, T-Mobile provides an update

---

<sup>1</sup> In the Matter of High Cost Universal Service Support, Federal-State Joint Board on Universal Service, *Order*, FCC 08-122, released May 1, 2008 (“*T-Mobile ETC Order*”). T-Mobile acquired SunCom Wireless, Inc. in 2008 and become the predecessor-in-interest to SunCom’s ETC designations and applications. At this time, T-Mobile’s Annual Report is limited to its North Carolina ETC designation.

**REDACTED FOR PUBLIC INSPECTION**

to the North Carolina SIP filed in December 2008, and explains how it intends to use universal service support “to improve signal quality, coverage, or capacity.”<sup>2</sup>

Attached as Exhibit B is T-Mobile’s updated Five-Year SIP commencing in 2010 and going through 2014. T-Mobile’s annual expenditures will greatly exceed projected annual universal service support. T-Mobile will undertake several network improvements to use universal service support to improve signal quality, coverage, or capacity within its designated ETC service area. In particular, T-Mobile has initiated several projects aimed at increasing its coverage in rural areas of North Carolina and improving customer experience through signal quality, capacity, and other network enhancements. All of these projects, along with projected universal service support, are identified in the attached SIP for North Carolina.

**2. Network Outages**

Attached as Exhibit C is a compilation of outage information reported to the Commission for the period of January through June 2009 for North Carolina.

Each network outage is evaluated on a case-by-case basis to determine the cause of the outage, the impact on customers, T-Mobile’s ability to meet its service provisioning obligations, including the availability of 911 services, and the steps that can be taken to prevent future outages. As indicated in the attached outage reports, T-Mobile has not experienced significant outages, but will remain vigilant to prevent outages in the future as well.

---

<sup>2</sup> See 47 C.F.R. § 54.209(a)(1).

**REDACTED FOR PUBLIC INSPECTION**

**3. Unfulfilled Requests For Service**

T-Mobile tracks customer complaints and requests for service, but, to date, has not received any requests for service, as defined by 47 C.F.R. § 54.209(a)(3), in unserved or underserved areas from potential customers in North Carolina. In future annual reports and updates, as necessary, T-Mobile will report requests for service and the steps taken to respond to them.

**4. Complaints Per 1,000 Handsets**

The number of complaints per 1,000 handsets for the period of January through June 2009 is identified in Exhibit D. These complaints include formal complaints filed with T-Mobile and outside agencies, such as the Commission, the state commission, Attorney General, and the Better Business Bureau.

**5. Annual Report Certifications**

**a. Service Quality Certification**

T-Mobile is a signatory to the CTIA Consumer Code for Wireless Service, which is the applicable service quality and consumer protection standard for wireless carriers, and has been certified by CTIA as being compliant with this code.<sup>3</sup> T-Mobile also provides its customers with other service quality and consumer protection benefits that

---

<sup>3</sup> See CTIA Consumer Code for Wireless Service, *available at* [http://files.ctia.org/pdf/The\\_Code.pdf](http://files.ctia.org/pdf/The_Code.pdf). Signatories to the CITA Consumer Code agree to: (1) disclose rates and terms of service to consumers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6); separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of customer privacy. T-Mobile was certified by CTIA as being compliant with this code on July 10, 2009.

**REDACTED FOR PUBLIC INSPECTION**

have resulted in the Company being consistently recognized as one of the best in customer service. T-Mobile hereby certifies that it is complying with applicable service quality standards and consumer protection rules for its ETC areas in North Carolina.

**b. Ability To Remain Functional In Emergency Situations Certification**

T-Mobile is able to function in emergency situations as set forth in Section 54.201(a)(2), which includes “a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”<sup>4</sup> In particular, T-Mobile has the following capabilities to remain functional in emergency situations:

- Availability of fixed and portable back-up power generators at various network locations throughout T-Mobile’s network that can be deployed in emergency situations.
- Ability to reroute traffic around damaged or out-of-service facilities through the deployment of cell-on-wheels (“COWs”), redundant facilities, and dynamic rerouting of traffic over alternate facilities.
- A network control center that monitors network traffic and anticipates traffic spikes, and can then (i) deploy network facilities to accommodate capacity needs, (ii) change call routing translations, and (iii) deploy COWs to temporarily meet traffic

---

<sup>4</sup> 47 C.F.R. § 54.202(a)(2).

**REDACTED FOR PUBLIC INSPECTION**

needs until longer-solutions, such as additional capacity and antenna towers can be deployed.

- The majority of sites not equipped with fixed generators have battery back up systems installed to maintain service in the event of a widespread power outage.

T-Mobile hereby certifies that it is able to function in emergency situations.

**c. Comparable Local Usage Certification**

T-Mobile makes available several different rate plans with varying amounts of local usage and different calling areas that are comparable to the offerings of the incumbent local exchange carriers (“ILECs”). Attached as Exhibit E is a list of some of T-Mobile’s currently offered rate plans. T-Mobile hereby certifies that it is offering a local usage plan comparable to that offered by the ILECs in its ETC area.

**d. Equal Access Certification**

T-Mobile recognizes that the Commission may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within its service area.

**6. Certifications On Use Of Universal Service Funds**

**a. Non-Rural Carrier Service Area Universal Service Certification**

T-Mobile hereby certifies that all federal high-cost support received in areas served by non-rural incumbent local exchange carriers will be used only for the provision, maintenance, and upgrading of facilities and service for which support is intended, pursuant to 47 C.F.R. § 54.313. Attached as Exhibit F is T-Mobile’s Section 54.313 certification.

**REDACTED FOR PUBLIC INSPECTION**

**b. Rural Carrier Service Area Universal Service Certification**

T-Mobile hereby certifies that all federal high-cost support received in areas served by rural incumbent local exchange carriers will be used only for the provision, maintenance, and upgrading of facilities and service for which support is intended, pursuant to 47 C.F.R. § 54.314. Attached as Exhibit G is T-Mobile's Section 54.314 certification.

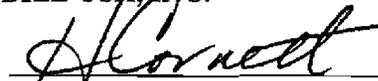

**Conclusion**

T-Mobile hereby submits its Annual Report and Certifications for North Carolina  
ETC designation.

**RESPECTFULLY SUBMITTED,**

**T-MOBILE USA, INC.**

**ANNUAL REPORT CERTIFICATIONS**

On behalf of T-Mobile USA, Inc. ("T-Mobile"), the undersigned, Harlie Cornett, hereby certifies the following:

1. I serve as Vice President of Tax of T-Mobile where I am responsible for all tax matters, including the Company's universal service annual report certifications.
2. I am authorized to execute these certifications on behalf of T-Mobile.
3. I certify that the following is true and correct to the best of my knowledge and belief with respect to T-Mobile's North Carolina eligible telecommunications carrier ("ETC") area:
  - a. T-Mobile is in compliance with applicable service quality standards and consumer protection rules.
  - b. T-Mobile is able to function in emergency situations as set forth in Section 54.201(a)(2) of the Commission's rules.
  - c. T-Mobile offers a local usage plan comparable to that offered by the incumbent local exchange carriers in its ETC area.
  - d. T-Mobile acknowledges that the Commission may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within its service area.
