

I m very concerned that I have seen that many deaf people had been very frustrates for lacking of interprter because of most doctors and lawyers refuse to pay for the interprter which are violate and seem they just ingorance and become weaker. Me too as my expernice and I had to gave up and let it go and will be very risk for being sicker and low esteem because of their lack cares. We real need help. Honest with you I think it are the worst Texas in the USA. I know they are advantage of our deafness that have lack of voices... Now I m here to voice to email you! "Are you good listen or you won't listen because of we are deaf"? Please to make investagtion what's going on with doctors and lawyers! Questions them! May God help us!
