

I VEHEMENTLY oppose ANY vote for legislation that will restrict or stifle communication over the internet, radio airwaves, television, or any other such form of communication. Any such vote is a direct violation of my Constitutional Right to FREE SPEECH and will only result in a more Marxist and Socialist America. As an American Patriot, mother, wife, and Libertarian, I DO NOT agree with "net neutrality" or restricted communication in any form!!! As Americans, it our right of free speech to voice our dissent when we disagree from "popular" views and this is what I am doing (and will continue to do)! Respectfully, Deemia Bickford
