Re: *Ex Parte Notice: A National Broadband Plan for Our Future*, WC Docket No.
09-51

Dear Ms. Dortch:

On October 21, 2009, Kevin O'Toole, Brian Rankin and the undersigned, on behalf of Comcast Corporation, spoke by telephone with Dave Vorhaus. We discussed factors relating to broadband adoption by businesses of all sizes. Comcast described its portfolio of offerings available to small, mid-sized and large businesses and explained the differences in demand and requirements for the business vs. residential customer. Comcast also provided its perspective on the specific benefits of broadband adoption for businesses, in particular cost-savings and productivity gains.

In accordance with section 1.1206 of the Commission's rules, this letter is being electronically filed in the above-captioned proceeding. If you have any questions, please contact me.

Sincerely,

/s/ Mary McManus
