

APPENDIX A

B:1.85"
T:1.8"

We bring your world to you.

Stay in sync on-the-go. Security, productivity, the ability to respond quickly while on the go – AT&T offers a variety of wireless solutions to help you achieve your goals.

Access your corporate email while you're away.

Business customers can take advantage of the following enterprise-class wireless email solutions to stay in touch:

- BlackBerry® Enterprise Solution

- Good™ Mobile Messaging
- Microsoft® Direct Push

Sync your corporate email, calendar and contacts to your smartphone so you can stay ahead of your competition – in and out of the office.

Ask your IT organization which solutions your company supports. Then have a sales representative show you the compatible smartphones and select the Smartphone/BlackBerry Enterprise Plan.

Add a messaging bundle to any data rate plan.

Choose any data rate plan and add 200, 1500 or unlimited text, picture, video and instant messages, and get more messaging for less.

ADDITIONAL SERVICE MESSAGES PER MESSAGE	MONTHLY SERVICE CHARGE	INCLUDED MESSAGES	UNLIMITED	INCLUDED
\$0.10	\$5	200		
\$0.05	\$15	1500		
			UNLIMITED	\$20

Includes text, picture, video and instant messaging. International messages and premium content not included.

¹ See Terms and Conditions inside for details on voice calling prohibited/permissible uses, usage limits and additional eligibility, billing, and other restrictions. AT&T also imposes the following charges: A Regulatory Cost Recovery Charge of up to \$1.25 for premium content apply. Compatible 3G smartphone required. ² Where available; see att.com/CV for availability; additional charges for premium content apply. Compatible 3G smartphone required. ³ Smartphone plans include Xpress Mail, BlackBerry plans include BlackBerry Internet Service (BIS), Xpress Mail and BIS provide access to personal email, such as Yahoo!® and AOL® Xpress Mail also provides individual access to corporate email, such as Microsoft Exchange or Lotus® Domino. ⁴ DataConnect customers can get access to AT&T Wi-Fi Basic service at no additional charge. (Requires a LaptopConnect card or USB device, AT&T Communication Manager version 6.8 or higher, 802.11 b/g enabled device and Windows® operating system.) Additional restrictions apply. Subject to applicable AT&T Wi-Fi Basic terms and conditions. See https://secure.sbc.com/tosaup. ⁵ Compatible smartphone and one of the following email solutions required: BlackBerry Enterprise, BlackBerry Connect, Good Mobile Messaging or Microsoft Direct Push. ⁶ Pricing reflects a \$5/month discount for devices activated and maintained with a qualified voice rate plan. Stand-alone versions of LaptopConnect for further details. ⁷ Unless otherwise specified in your wireless plan, the default rate is \$0.20/message for Text/Instant Messages and \$0.30/message for Picture/Video Messages. Charges for Text/Instant Messages and Picture/Video Messages are \$0.25/messages for Text/Instant Messages and \$0.50/message for Picture/Video Messages. Charges for Text/Instant Messages and Picture/Video Messages sent while roaming internationally are \$0.50/message for Text Messages and \$1.30/message for Picture/Video Message. Additional charges for premium content apply. 1,024 kilobytes (KB) = 1 megabyte (MB).

⁸ \$0.49 per MB is charged at \$0.0048 per KB. ⁹ BlackBerry and Smartphone customers with \$30 or higher BlackBerry rate plans (includes BlackBerry Enterprise 4MB Plans) can get access to AT&T Wi-Fi Basic service at no additional charge. (Requires a qualifying Wi-Fi enabled BlackBerry) Additional restrictions apply. Subject to applicable AT&T Wi-Fi Basic terms and conditions. See https://secure.sbc.com/tosaup. ¹⁰ With respect to both Corporate Responsibility Users (CRUs) and Individual Responsibility Users (IRUs), the Service Discount described in your AT&T business agreement is NOT available on the DataConnect \$40 plans.

COVERAGE: For coverage information and maps, please see a sales representative or visit att.com/wirelesscoverage or att.com/wirelessbandconnect.

CANADA AND INTERNATIONAL ROAMING: Additional data for Canada roaming per KB is \$0.15; international roaming per KB is \$0.195.

MESSAGING: Unless otherwise specified in your wireless plan, charges for messages sent while roaming internationally are \$0.50/message for Text Messages and \$1.30/message for Picture/Video Message. Additional charges for premium content apply.

Our data plans just got personal.

Stay informed and in touch with Smartphone and BlackBerry Personal Plans.

Our range of personal data plans are sure to keep you up-to-date, entertained and connected to friends and colleagues – on the go. Send an email, browse the Web for the latest score or download a favorite song – the Smartphone Personal Plan is a great way to make the most of your down time. And with Xpress Mail you can download and manage your Internet email with ease.

Enjoy a richer mobile experience with CV-video.

With CV-video, you can turn a few spare minutes, from a lunch break to a doctor's office wait, into a quick escape. Get streaming news, sports, stock quotes and much more – all on your compatible 3G smartphone.

Bundle Enterprise Data and Voice together and get more done while you're on-the-go.

New Enterprise Data Bundles from AT&T get you a valuable discount – up to \$15 per line per month – when combined with an eligible voice rate plan. Achieve big savings while also increasing your ability to take full advantage of your wireless service with the best worldwide coverage,* unlimited Mobile to Mobile, free Nights & Weekends, Rollover® minutes and more. Ask your sales representative for complete details on these bundles.

*The most phones that work in the most countries.

Wireless Data Service Terms and Conditions

I. GENERAL TERMS AND CONDITIONS APPLICABLE TO AT&T'S WIRELESS DATA SERVICES, INCLUDING BUT NOT LIMITED TO, FEATURES THAT MAY BE USED WITH WIRELESS DATA SERVICES AND WIRELESS CONTENT.

General Requirements: AT&T provides wireless data services, including but not limited to, features that may be used with wireless data services and wireless content and applications ("Services"). The absolute capacity of the wireless data network is limited. Accordingly, service is only provided for prescribed purposes and pricing for Data Services is device dependent and based on the transmit and receive capacity of each device. A pricing plan designated for one type of device may not be used with another device. Some devices or plans may require you to subscribe to both a voice and a data plan. If AT&T determines that you are not subscribed to the required plan(s), AT&T reserves the right to switch you to the required plan or plans and bill you the appropriate monthly fee. The Services may be subject to credit approval. An activation fee of up to \$36 may apply to each new data line. Compatible data-enabled wireless device required.

Usage/Billing: Usage and monthly fees will be billed as specified in your rate plan brochure, customer service summary, or rate plan information online. DATA TRANSPORT IS CALCULATED IN FULL-KILOBYTE ("KB") INCREMENTS, AND ACTUAL TRANSPORT IS ROUNDED UP TO THE NEXT FULL KB INCREMENT AT THE END OF EACH DATA SESSION FOR BILLING PURPOSES. **TRANSPORT IS BILLED EITHER BY THE KB OR MEGABYTE ("MB"). IF BILLED BY MB, THE FULL KBs CALCULATED FOR EACH DATA SESSION DURING THE BILLING PERIOD ARE TOTALED AND ROUNDED UP TO NEXT FULL MB INCREMENT TO DETERMINE BILLING. IF BILLED BY KB, THE FULL KBs CALCULATED FOR EACH DATA SESSION DURING THE BILLING PERIOD ARE TOTALED TO DETERMINE BILLING.** NETWORK OVERHEAD, SOFTWARE UPDATE REQUESTS, AND RESEND REQUESTS CAUSED BY NETWORK ERRORS CAN INCREASE MEASURED KILOBYTES, AIRTIME AND OTHER MEASURED USAGE ARE BILLED IN FULL-MINUTE INCREMENTS AND ROUNDED UP TO THE NEXT FULL-MINUTE INCREMENT AT THE END OF EACH CALL FOR BILLING PURPOSES. Data sent and received includes, but is not limited to downloads, email, overhead and software update checks. Unless designated for International or Canada use, prices and included use apply to EDGE/GPRS and BroadbandConnect access and use on AT&T's wireless network and its affiliated partner wireless networks within the United States and its territories (Puerto Rico and the U.S. Virgin Islands), excluding areas within the Gulf of Mexico. Usage on networks not owned by AT&T is limited as provided in your data plan. Charges will be based on the location of the site receiving and transmitting service and not the location of the subscriber. BroadbandConnect access requires a compatible, eligible 3G device. Unless otherwise specified, coverage is billed either by the KB or MB. Service charges paid in advance for monthly or annual Services are nonrefundable. Some Services may require an additional monthly subscription fee and/or be subject to additional charges and restrictions. See applicable rate plan materials for complete pricing and terms. Prices do not include taxes, directory assistance, roaming, universal services fees or other exactions and are subject to change. In order to assess your usage during an applicable billing period, you may obtain approximate usage information by calling customer service or using one of our automated systems.

Voice: If you have a voice-capable device and do not want voice service, you may request voice blocking or select a data plan that restricts voice access and all voice calling capabilities (except for outgoing calls from the device to 911 or 611) will be blocked, including without limitation, calls from 911 or 611 to the device. If you do want voice service, you may select a qualified voice plan or the default rate for voice calls will apply: 40¢ per minute on the AT&T wireless network; 69¢ per minute for domestic roaming off AT&T's wireless network (rates are subject to change without notice). Additional taxes and surcharges may apply. See AT&T Nation® map at store or att.com/wireless for default wireless voice coverage area.

Roaming: Roaming charges for wireless data or voice service may be charged with some plans when outside AT&T's wireless network. Display on your device will not indicate whether you will incur roaming charges. Services originated or received while outside your plan's included coverage area are subject to roaming charges. Use of Services when roaming is dependent upon roaming carrier's support of applicable network technology and functionality. Check with roaming carriers individually for support and coverage details. Billing for domestic and international roaming usage may be delayed up to three billing cycles due to reporting between carriers. If your usage of the Services on other carriers' wireless networks ("offnet usage") during any month exceeds your offnet usage allowance, AT&T may at its option terminate your wireless service or access to data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 24 megabytes or 20% of the kilobytes included with your plan and for messaging plans the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions and you may terminate your agreement. You may be required to (1) use a device programmed with AT&T's preferred roaming database; and (2) have a mailing address and live in the United States, Puerto Rico or the U.S. Virgin Islands.

International Roaming: See att.com/global or dial 1-866-246-4852 for more information and for a list of currently available countries and carriers. Compatible international-capable device required. Certain countries and/or carriers within a roaming zone may be unavailable with certain plans or Services while roaming. Availability, quality of coverage and Services while roaming are not guaranteed. Rates apply to AT&T's wireless customers only. Certain tenure, billing and credit restrictions and additional charges may apply. Many devices including iPhone™ transmit and receive data messages without user intervention and can generate unexpected charges when taken out of the United States.

Cancellations/Early Termination Fee: An Early Termination Fee of \$175 may be assessed against you in the event that you terminate your Wireless Service Agreement and/or selected plan before the expiration of its term. **For Service activated on or after May 25, 2008, the Early Termination Fee will be reduced by \$5.00 for each full month toward your minimum term that you complete.** You may cancel your service, for any reason and without incurring the Early Termination Fee, within thirty (30) days of signing your Wireless Service Agreement, PROVIDED, however, that if you cancel service you will remain responsible for any service fees and charges incurred. If you cancel within three (3) days of signing your Wireless Service Agreement, you will be entitled to a refund of your activation fee, if any, if you exercise this option, you may be required to return devices and associated accessories purchased in connection with your Wireless Service Agreement.

Service Availability and Access/Coverage: AT&T does not guarantee availability of wireless network. Services may be subject to certain equipment and compatibility/limitations including memory, storage, network availability, coverage, accessibility and data conversion limitations. Services (including without limitation, eligibility requirements, plans, pricing, features and/or service areas) are subject to change without notice. When outside coverage area, access will be limited to information and applications previously downloaded to or resident on your device. Coverage areas vary between AT&T BroadbandConnect, EDGE and GPRS. AT&T BroadbandConnect only available in select markets. See coverage map(s), available at store or from your sales representative, for details. AT&T BroadbandConnect download speeds only available on the AT&T BroadbandConnect network. Actual download speeds depend upon device characteristics, network, network availability and coverage levels, tasks, file characteristics, applications and other factors. Performance may be impacted by transmission limitations, terrain, in-building/in-vehicle use and capacity constraints.

Information/Content/Applications: Certain information, applications, or other content is provided by independently owned and operated content providers or service providers who are subject to change at any time without notice. AT&T IS NOT A PUBLISHER OF THIRD-PARTY INFORMATION, APPLICATIONS, OR OTHER CONTENT AND IS NOT RESPONSIBLE FOR ANY OPINIONS, ADVICE, STATEMENTS, OR OTHER INFORMATION, SERVICES OR GOODS PROVIDED BY THIRD PARTIES. Third-party content or service providers may impose additional charges. Policies regarding intellectual property, privacy and other policies or terms of use may differ among AT&T's content or service providers and you are bound by such policies or terms when you visit their respective sites or use their services. It is your responsibility to read the rules or service agreements of each content provider or service provider. Any information you involuntarily or voluntarily provide third parties is governed by their policies or terms. The accuracy, appropriateness, content, completeness, timeliness, usefulness, security, safety, merchantability, fitness for a particular purpose, transmission or correct sequencing of any application, information or downloaded data is not guaranteed or warranted by AT&T or any content providers or other third party. Delays or omissions may occur. Neither AT&T nor its content providers, service providers or other third parties shall be liable to you for any loss or injury arising out of or caused, in whole or in part, by your use of any information, application or content, or any information, application, or other content acquired through the Service. You acknowledge that every business or personal decision, to some degree or another, represents an assumption of risk, and that neither AT&T nor its content and service providers or suppliers, in providing information, applications or other content or services, or access to information, applications, or other content underwrites, can underwrite, or assumes your risk in any manner whatsoever.

Prohibited and Permissible Uses: Except as may otherwise be specifically permitted or prohibited for select data plans, data sessions may be conducted only for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). **While most common uses for Intranet browsing, email and intranet access are permitted by your data plan, there are certain uses that cause extreme network capacity issues and interference with the network and are therefore prohibited. Examples of prohibited uses include, without limitation, the following: (i) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; (ii) as a substitute**

or backup for private lines, landlines or full-time or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate excessive amounts of net traffic, or which disrupt net user groups or email use by others; (iv) "spam" or unsolicited commercial or bulk email (or activities that have the effect of facilitating unsolicited commercial email or unsolicited bulk email); (v) any activity that adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' internet-based resources, including "denial of service" (DoS) attacks against another network host or individual user; (vi) accessing, or attempting to access without authority, the accounts of others, or to penetrate, or attempt to penetrate, security measures of AT&T's wireless network or another entity's network or systems; (vii) software or other devices that maintain continuous active internet connections when a computer's connection would otherwise be idle or any "keep alive" functions, unless they adhere to AT&T's data retry requirements, which may be changed from time to time. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services, redirecting television signals for viewing on Personal Computers, web broadcasting, and/or for the operation of servers, telemetry devices and/or Supervisory Control and Data Acquisition devices is prohibited. Furthermore, plans (unless specifically designated for tethering usage) cannot be used for any applications that tether the device (through use of, including without limitation, connection kits, other phone/smartphone-to computer accessories, Bluetooth® or any other wireless technology) to Personal Computers (including without limitation, laptops), or other equipment for any purpose. Accordingly, AT&T reserves the right to (i) deny, disconnect, modify and/or terminate Service, without notice, to anyone it believes is using the Service in any manner prohibited or whose usage adversely impacts its wireless network or service levels or hinders access to its wireless network, including without limitation, after a significant period of inactivity or after sessions of excessive usage and (ii) otherwise protect its wireless network from harm, compromised capacity or degradation in performance, which may impact legitimate data flows. You may not send solicitations to AT&T's wireless subscribers without their consent. You may not use the Services other than as intended by AT&T and applicable law. Plans are for individual, non-commercial use only and are not for resale. AT&T may, but is not required to, monitor your compliance, or the compliance of other subscribers, with AT&T's terms, conditions, or policies.

Security: AT&T DOES NOT GUARANTEE SECURITY. Data encryption is available with some, but not all, Services sold by AT&T. If you use your device to access company email or information, it is your responsibility to ensure your use complies with your company's internal IT and security procedures.

Changes to the terms and conditions: These terms and conditions may be changed from time-to-time. AT&T will post the most current version of these terms and conditions at att.com/MediaTerms or other appropriate location. Please check these regularly to inform yourself about changes to the terms and conditions.

Access Requirements: Additional hardware, software, subscription, credit or debit card, Internet access from your compatible PC and/or special network connection may be required and you are solely responsible for arranging for or obtaining all such requirements. Some solutions may require third party products and/or services, which are subject to any applicable third party terms and conditions and may require separate purchase from and/or agreement with the third party provider. AT&T is not responsible for any consequential damages caused in any way by the preceding hardware, software or other items/requirements for which you are responsible.

Miscellaneous: Not all plans or Services are available for purchase or use in all sales channels, in all areas or with all devices. AT&T is not responsible for loss or disclosure of any sensitive information you transmit. AT&T's wireless services are not equivalent to landline Internet. AT&T is not responsible for nonproprietary services or their effects on devices. If applicable, use of Desktop Toolbar requires compatible home computer products. AT&T RESERVES THE RIGHT TO TERMINATE YOUR SERVICES WITH OR WITHOUT CAUSE, INCLUDING WITHOUT LIMITATION, UPON EXPIRATION OR TERMINATION OF YOUR WIRELESS SERVICE AGREEMENT. Caller ID blocking is not available when using the Services, and your wireless number is transmitted to Internet sites you visit. You may receive unsolicited messages from third parties as a result of visiting Internet sites, and a per-message charge may apply whether the message is read or unread, solicited or unsolicited.

Additional Terms: See below for additional terms relating to specific Services and rate plans. In addition, all use of AT&T's wireless network and the Services is governed by AT&T's Acceptable Use Policy, which can be found at att.com/AcceptableUsePolicy, as determined solely by AT&T. AT&T can revise its Acceptable Use Policy at any time without notice by updating this posting. Use of the Services is subject to Terms and Conditions of your Wireless Service Agreement. See Wireless Service Agreement, att.com/wireless or AT&T Customer Service for additional conditions, restrictions, privacy policy and information.

Intellectual Property: All trademarks, service marks and trade names used on or in connection with the Services are the property of their respective owners. You must respect the intellectual property rights of AT&T, our third-party content providers, and any other owner of intellectual property whose protected property may appear on any website and/or dialogue box controlled by AT&T or accessed through the AT&T's websites. Except for material in the public domain, all material displayed in association with the Service is copyrighted or trademarked. Except for personal, non-commercial use, trademarked and copyrighted material may not be copied, downloaded, redistributed, modified or otherwise exploited, in whole or in part, without the permission of the owner. The RIM and BlackBerry families of related marks, images and symbols are the exclusive properties and trademarks or registered trademarks of Research In Motion Limited - used by permission. Good, the Good logo and GoodLink are trademarks of Good Technology, Inc. in the United States and/or other countries. Good Technology, Inc., and its products and services are not related to, sponsored by or affiliated with Research In Motion Limited. AT&T, the AT&T logo and all other AT&T marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. All other marks contained herein are the property of their respective owners.

II. ADDITIONAL TERMS FOR SPECIFIC WIRELESS DATA SERVICES

TEXT, INSTANT MESSAGING AND PICTURE/VIDEO MESSAGING

Messages are limited to 160 characters per message. Premium text and picture/video messages are charged at their stated rates. Standard rates apply to all incoming messages when in the U.S. Different, non-standard per message charges apply to international messages sent from the U.S. Text, Instant, Picture, and Video messages are charged when sent or received, whether read or unread, solicited or unsolicited. AT&T does not guarantee delivery of messages. Text, Instant, Picture, and Video messages, including downloaded content, not delivered within 7 days will be deleted. AT&T reserves the right to change this delivery period as needed without notification. You are charged for each part of messages that are delivered to you in multiple parts. Picture/Video Messaging, data plan, and Text Messaging may need to be provisioned on an account in order to use Picture/Video Messaging. Some elements of Picture/Video messages may not be accessible, viewable, or heard due to limitations on certain wireless phones, PCs, or e-mail. AT&T reserves the right to change the Picture/Video message size limit at any time without notification. Picture/Video Messaging pricing is for domestic messages only. When a single message is sent to multiple recipients, the sender is charged for one message for each recipient and each recipient is charged for the message received. Text message notifications may be sent to non-Picture/Video Messaging subscribers if they subscribe to Text Messaging.

UNLIMITED MOBILE TO MOBILE MESSAGING

Includes unlimited text, picture, and video messages between AT&T's wireless customers sent or received while on the AT&T owned wireless network. Instant Messages and any other usage not expressly included herein will be debited from your package's messaging allowance. A subscription to one of the current Message Packages, Media Bundles or Max Bundles is required.

DIRECTBILL SERVICE

DirectBill enables you to bill third party content or services on your wireless bill. Use of the DirectBill service constitutes consent to these terms and conditions. There is no charge for creating an AT&T DirectBill account and DirectBill is available to you automatically as a subscriber. **Charges and Payment:** You will be charged monthly on your AT&T wireless bill for all transactions entered into during the previous billing period using the DirectBill service. If you authorize others to use your payment information, you are liable for charges they incur. You have full-time access to your transaction history by logging into att.com/db and selecting "Review My Account." You may contest charges and seek refunds for purchases with which you are not satisfied. AT&T reserves the right to restrict the use of the DirectBill service or terminate the account of anyone who seeks refunds on improper grounds or otherwise abuses the DirectBill service. Prepaid/GoPhone customers: Transactions will be debited from your account balance at the time of the transaction. If there are insufficient funds in your account at the time of the transaction, you will not be able to complete your purchase or receive the requested services.

RINGTONES/GRAPHICS/GAMES/COOL TOOLS/ALERTS

Actual ringtone, graphics, game or Cool Tools may vary based on the handset capabilities. Ringtones, graphics, games, Cool Tools, and alerts may be delivered in multiple messages. Ringtone, graphic, game, and Cool Tool charges are incurred at the stated one-time download rate or subscription rate, plus a kilobyte charge for the content transport when delivered. You will be charged each time you download ringtones, graphics, games, and Cool Tools. Usage charges apply to play multi-user games against other wireless users or the server.

AT&T SOUNDS TONE CLUB

Your enrollment gives you the option to receive text messages each week on music trivia, news and more. Every 30 days your subscription will be automatically renewed and new credits added to your account which can be used to buy ringtones and graphics through the Media Mall. Music, Voice, Sound Effect Tones, polyphonic ringtones & graphics are 1 credit. Unused credits expire at the end of

each 30 day period. The 30 day period is not necessarily equivalent to a calendar month end or the billing cycle. You may terminate your subscription at any time by texting the word "STOP" to 7225. Any remaining credits will be available for the remainder of your subscription billing cycle. Savings claim based on price of Music Tones. Ringtone and graphics provided by independent providers.

MOBILE EMAIL

Requires e-mail account with compatible internet service provider and a downloaded or preloaded e-mail application for the wireless device. Access and use of Mobile Email is billed by total volume of data sent and received (in kilobytes) in accordance with your Media Net service. E-mail attachments can not be sent, downloaded, read, or forwarded on the mobile device. Only a paper clip icon appears indicating an attachment. You must view attachments from your PC. Upgrades to the application may be required in order to continue to use the service. Wireless data usage charges will apply for downloading the application and any upgrades.

CV-VIDEO

Not available in all areas and not available when off the AT&T-owned network. 3G phone and eligible wireless data plan required. Depending on selected data plan, eligible wireless voice plan may also be required. Unlimited Media Net package or eligible unlimited data plan required for CV. CV is charged at stated monthly subscription rates or at stated pay per view rates. CV provided by a monthly subscription rotates as appropriate for the service and is subject to withdrawal in the provider's sole discretion. CV provided on a pay per use basis can be viewed an unlimited number of times for 24 hours. CV is for individual use only and not for resale. No content may be captured or forwarded. Some CV content may be inappropriate for younger viewers. Parental guidance suggested. Use Parental Controls to restrict access to mature content. All screen images are simulated.

AT&T WI-FI SERVICES

AT&T Wi-Fi service use with a Wi-Fi capable wireless device is subject to the Terms of Services & Acceptable Use Policy ("Terms") found at https://secure.sbc.com/tosaup.adp. Your use represents your agreement to those Terms, incorporated herein by reference. AT&T Wi-Fi Basic service is available at no additional charge to wireless customers with select Wi-Fi capable devices and a qualified data rate plan. Other restrictions may apply.

DATACONNECT PLANS

DataConnect plans may ONLY be used with AT&T certified LaptopConnect (PC Data) Cards and other devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). **On DataConnect Plans with a monthly megabyte (MB) or gigabyte (GB) allowance, once you exceed your monthly allowance you will be automatically charged for coverage as specified in the applicable rate plan information (generally per KB for any data used or a fee for additional MB allowances to be used during the month). All data allowances must be used in the billing period in which the allowance is provided.** We may, at our discretion, suspend your account if we believe your data usage is excessive, unusual or is better suited to another rate plan. If you are on a data plan that does not include a monthly MB/GB allowance and additional data usage rates, you agree that AT&T has the right to impose additional charges if you use more than 5 GB in a month; provided that, prior to the imposition of any additional charges, AT&T shall provide you with notice and you shall have the right to terminate your Service.

SMARTPHONE/BLACKBERRY PLANS

Smartphone/BlackBerry plans may ONLY be used with AT&T-certified RIM BlackBerry devices, and smartphones for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). Data Services sold for use with AT&T RIM BlackBerry devices, and smartphones may not be used with other devices, including but not limited to, Personal Computers, PC Data Cards and the like, either by tethering devices together, by SIM card transfer or any other means.

SMARTPHONE/BLACKBERRY PLANS WITH TETHERING

Smartphone/BlackBerry plans with Tethering may ONLY be used with AT&T-certified RIM BlackBerry devices and smartphones for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). Smartphone/BlackBerry plans with Tethering may be used to tether such smartphone and BlackBerry devices to a Personal Computer. **If you are on a data plan that does not include a monthly megabyte allowance and additional data usage rates, the parties agree that AT&T has the right to impose additional charges if you use more than 5 GB in a month. Prior to the imposition of any additional charges, AT&T shall provide you with notice and you shall have the right to terminate your service.**

BLACKBERRY PERSONAL

Includes BlackBerry Internet Service (BIS) for individual access to up to 10 Internet email accounts including AOL, Yahoo! and POP3/IMAP4 Internet Service Providers. If more than 1,000 emails reside on the BIS server or email is older than 30 days, it may be automatically deleted. May not be used to access corporate email; use with Mail Connector and/or BlackBerry Enterprise Server prohibited.

XPRESS MAIL SERVICE

Eligible data plan required. Not available with DataConnect plan activation on LaptopConnect card. You may cancel Xpress Mail at any time. You will be billed for all usage up to cancellation of Xpress Mail. Measured usage will be charged as specified in your plan. Xpress Mail leverages point-to-point secure encryption, using the following technologies: AES and SSL. AT&T provides devices that support both AES and SSL. AT&T encrypts and stores your email address and password to enable delivery of your email to your device.

ENTERPRISE EMAIL

Eligible data plan and device required. Terms may vary depending on selected Enterprise Email solution.

BLACKBERRY CONNECT

May be used with BlackBerry Enterprise Server™ for corporate access (behind the firewall) to Microsoft® Exchange and Lotus Domino email and personal information management; valid Client Access License(s) required. Includes BlackBerry Internet Service™ (BIS) for individual access to up to 10 Internet email accounts including AOL, Yahoo! and POP3/IMAP4 Internet Service Providers. If more than 1,000 emails reside on the BIS server or email is older than 30 days, it may be automatically deleted. Mail Connector is not supported.

BLACKBERRY ENTERPRISE

May be used with BlackBerry Enterprise Server™ for corporate access (behind the firewall) to Microsoft Exchange, Lotus Domino and Novell® GroupWise email and personal information management; valid Client Access License(s) required. Includes BlackBerry Internet Service (BIS) for individual access to up to 10 Internet email accounts including AOL, Yahoo! and POP3/IMAP4 Internet Service Providers. If more than 1,000 emails reside on the BIS server or email is older than 30 days, it may be automatically deleted. Individual access to Microsoft Exchange and Lotus Domino requires Mail Connector software, which can be downloaded from att.com/blackberrystart (BIS setup site). Tethered plan requires AT&T Communication Manager 5.2 or higher and BlackBerry Handheld software 4.1 or higher. BlackBerry International requires a minimum one-year agreement and you must remain on eligible BlackBerry International plan for a minimum one-year term.

GOOD MOBILE MESSAGING

Requires compatible Good Server and, with respect to each end user, a compatible Good Client Access License (CAL) for use with an eligible AT&T Good plan. Solution includes software, products and related services provided by Good Technology, Inc. ("Good"), which are subject to applicable Good terms and conditions. Good is solely responsible for all statements regarding, and technical support for, its software, products and services. In the event you cease to be an employee of your company, or if your company ceases to support your Good Client Access License, you may migrate to another AT&T data plan for which you qualify.

MICROSOFT DIRECT PUSH

Requires Microsoft Exchange 2003 Server with Service Pack 2 and, with respect to each end user, a compatible device operating on a Windows Mobile 5 platform (with Message Security Feature Pack) and an email account enabled with Direct Push. Plans include end user and IT help desk customer support from AT&T for Windows Mobile 5 and device side ActiveSync issues. AT&T does not sell, supply, install or otherwise support Microsoft software, products or services (including without limitation, Exchange and Direct Push). In the event you cease to be an employee of your company, or if your company ceases to support a compatible Exchange Server, you may migrate to another AT&T data plan for which you qualify.

5 MB DATA PLAN (TRIAL SERVICE)

Limited time offer. Not available in all areas. Only available with a compatible wireless phone; not available with an iPhone™, BlackBerry or any other smartphone. CV and other data applications not available with this plan. Usage over the initial MB allowance will be charged as an additional MB allowance. All monthly data allowances must be used during the billing cycle in which the allowance was provided. We reserve the right to suspend your data usage or terminate your data plan if your charges appear to be unusual or excessive or cancel the offer.

© 2009 AT&T Intellectual Property. All rights reserved. AT&T and the AT&T logo are trademarks of AT&T Intellectual Property.

NOTE FOR PRINTER: File built with 1/8 inch creep on outside panels. Please decrease creep as you see fit for trimming and folding.

*The most phones that work in the most countries.

The global standard for voice and data roaming.

Because AT&T's wireless network is based on GSM,[™] the global wireless standard, you can stay connected easily to people and information worldwide. Wireless data services are available in 180 countries. Now, GSM technology enables fast connections across the globe on high-speed data networks:

- **EDGE** data technology has been deployed in over 130 countries, and that number is steadily growing.
- **UMTS** offers broadband speed in over 90 countries (and growing), including Japan, South Korea, Hong Kong, Singapore, Great Britain and Taiwan.

AT&T can help you take your work and personal life global.

With the best coverage of any carrier worldwide*, AT&T makes it easy to stay in touch when crossing oceans and borders. Use the same devices and wireless numbers, so you're always ready to travel.

International long distance.

AT&T is the leading wireless carrier in international long distance.

Let your voice travel all over the world even when you're at home. Stay in touch with friends and colleagues outside the U.S. from your smartphone. Sign up for World Connect[®] and get discounted wireless voice rates in over 220 countries. For complete details, please see the AT&T World Brochure.

Enterprise email.

Access your corporate email while you're away.

Business customers can take advantage of the following enterprise-class wireless email solutions to stay in touch:

- BlackBerry[®] Enterprise Solution
- Good[™] Mobile Messaging
- Microsoft[®] Direct Push

Sync your corporate email, calendar and contacts to your smartphone so you can stay ahead of your international data plans for using email while roaming internationally.

For more information, visit att.com/global

*Does not include data usage within the U.S. Qualified domestic carriers. See att.com/dataconnectglobal for details.
[†]Data usage only for use within "roam zone" comprised of select carriers. See att.com/dataconnectglobal for details.
[‡]AT&T also imposes the following charges: a Regulatory Cost Recovery Charge of up to \$1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal telecom regulation. State and Federal Universal Service charges; and surcharges for government-assessments on AT&T. These fees are not taxes or government-required charges.
[§]Plans may also be used with eligible, AT&T-certified customer owned and maintained (COAM) 3G devices. If you have a messaging-capable device, the default rate is \$0.20/message for Text/Instant Messages and \$0.30/message for Picture/Video Messages. Charges for international messages from the U.S. are \$0.25/message for Text Messages and \$0.50/message for Picture/Video Messages. Charges for messages sent while roaming internationally are \$0.50/message for Text Messages and \$1.30/message for Picture/Video Message. Additional charges for premium content apply. Not available with LaptopConnect devices.
[¶]DataConnect customers can get access to AT&T Wi-Fi Basic service at no additional charge. (Requires a LaptopConnect card or USB device. AT&T Communication Manager version 6.8 or higher, 802.11 b/g-enabled device and Windows[®] operating system.) Additional restrictions apply. Subject to applicable AT&T Wi-Fi Basic terms and conditions. See att.com/laptopconnect for further details.

Pick an international plan and get going.

International roaming – voice.

The easy and affordable way to call internationally.

With the broadest international coverage, AT&T travels abroad with you. More of our wireless devices work in more places around the world than any other carrier – over 215 countries. Sign up with AT&T World TravelerSM and get our best wireless voice rates in more than 85 of those countries. For complete details, please see the AT&T World Brochure.

International roaming – data.

Email and Internet access across the globe.

It's becoming more and more important to have access to documents and data wherever you are. AT&T provides wireless solutions for connecting data devices to the Internet and email in 180 countries while providing you with information and entertainment wherever your travels take you. We have plans designed for LaptopConnect devices, smartphones and iPhones.

International roaming in Japan and South Korea.

When roaming in Japan and South Korea, you'll need a device that operates on 3G technology at 2100MHz. AT&T now sells 3G 2100MHz wireless devices. For complete details, please see the AT&T World Brochure.

Wireless Data Service Terms and Conditions

I. GENERAL TERMS AND CONDITIONS APPLICABLE TO AT&T'S WIRELESS DATA SERVICES, INCLUDING BUT NOT LIMITED TO, FEATURES THAT MAY BE USED WITH WIRELESS DATA SERVICES AND WIRELESS CONTENT.

General Requirements: AT&T provides wireless data services, including but not limited to, features that may be used with wireless data services and wireless content and applications ("Services"). The absolute capacity of the wireless data network is limited. Accordingly, service is only provided for prescribed purposes and pricing for Data Services is device dependent and based on the transmit and receive capacity of each device. A pricing plan designated for one type of device may not be used with another device. Some devices or plans may require you to subscribe to both a voice and a data plan. If AT&T determines that you are not subscribed to the required plan(s), AT&T reserves the right to switch you to the required plan and plans and bill you the appropriate monthly fee. The Services may be subject to credit approval. An activation fee of up to \$36 may apply to each new data line. Compatible data-enabled wireless device required.

Usage/Billing: Usage and monthly fees will be billed as specified in your rate plan brochure, customer service summary, or rate plan information online. DATA TRANSPORT IS CALCULATED IN FULL-KILOBYTE ("KB") INCREMENTS, AND ACTUAL TRANSPORT IS ROUNDED UP TO THE NEXT FULL KB INCREMENT AT THE END OF EACH DATA SESSION FOR BILLING PURPOSES. **TRANSPORT IS BILLED EITHER BY THE KB OR MEGABYTE ("MB"). IF BILLED BY MB, THE FULL KBs CALCULATED FOR EACH DATA SESSION DURING THE BILLING PERIOD ARE TOTALED AND ROUNDED UP TO NEXT FULL MB INCREMENT TO DETERMINE BILLING.** IF BILLED BY KB, THE FULL KBs CALCULATED FOR EACH DATA SESSION DURING THE BILLING PERIOD ARE TOTALED TO DETERMINE BILLING. NETWORK OVERHEAD, SOFTWARE UPDATE REQUESTS, AND RESEND REQUESTS CAUSED BY NETWORK ERRORS CAN INCREASE MEASURED KILOBYTES, AIRTIME AND OTHER MEASURED USAGE ARE BILLED IN FULL-MINUTE INCREMENTS AND ROUNDED UP TO THE NEXT FULL-MINUTE INCREMENT AT THE END OF EACH CALL FOR BILLING PURPOSES. Data sent and received includes, but is not limited to downloads, email, overhead and software update checks. Unless designated for International or Canada use, prices and included use apply to EDGE/GPRS and BroadbandConnect access and use on AT&T's wireless network and its affiliated partner wireless networks within the United States and its territories (Puerto Rico and the U.S. Virgin Islands), excluding areas within the Gulf of Mexico. Usage on networks not owned by AT&T is limited as provided in your data plan. Charges will be based on the location of the site receiving and transmitting service and not the location of the subscriber. BroadBandConnect access requires a compatible, eligible 3G device. Unless otherwise specified, overage is billed either by the KB or MB. Service charges paid in advance for monthly or annual Services are nonrefundable. Some Services may require an additional monthly subscription fee and/or be subject to additional charges and restrictions. See applicable rate plan materials for complete pricing and terms. Prices do not include taxes, directory assistance, roaming, universal services fees or other exactions and are subject to change. In order to assess your usage during an applicable billing period, you may obtain approximate usage information by calling customer service or using one of our automated systems.

Voice: If you have a voice-capable device and do not want voice service, you may request voice blocking or select a data plan that restricts voice access and all voice calling capabilities (except for outgoing calls from the device to 911 or 611) will be blocked, including without limitation, calls from 911 or 611 to the device. If you do want voice service, you may select a qualified voice plan or the default rate for voice calls will apply: 40¢ per minute on the AT&T wireless network; 69¢ per minute for domestic roaming off AT&T's wireless network (rates are subject to change without notice). Additional taxes and surcharges may apply. See AT&T Nation™ map at store or att.com/wireless for default wireless voice coverage area.

Roaming: Roaming charges for wireless data or voice service may be charged with some plans when outside AT&T's wireless network.

Display on your device will not indicate whether you will incur roaming charges. Services originated or received while outside your plan's included coverage area are subject to roaming charges. Use of Services when roaming is dependent upon roaming carrier's support of applicable network technology and functionality. Check with roaming carriers individually for support and coverage details. Billing for domestic and international roaming usage may be delayed up to three billing cycles due to reporting between carriers. If your usage of the Services on other carriers' wireless networks ("offnet usage") during any month exceeds your offnet usage allowance, AT&T may at its option terminate your wireless service or access to data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 24 megabytes or 20% of the kilobytes included with your plan and for messaging plans the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions and you may terminate your agreement. You may be required to (1) use a device programmed with AT&T's preferred roaming database; and (2) have a mailing address and live in the United States, Puerto Rico or the U.S. Virgin Islands.

International Roaming: See att.com/global or dial 1-866-246-4852 for more information and for a list of currently available countries and carriers. Compatible international-capable device required. Certain countries and/or carriers within a roaming zone may be unavailable with certain plans or Services while roaming. Availability, quality of coverage and Services while roaming are not guaranteed. Rates apply to AT&T's wireless customers only. Certain tenure, billing and credit restrictions and additional charges may apply. Many devices including iPhone™ transmit and receive data messages without user intervention and can generate unexpected charges when taken out of the United States.

Cancellations/Early Termination Fee: An Early Termination Fee of \$175 may be assessed against you in the event that you terminate your Wireless Service Agreement and/or selected plan before the expiration of its term. **For Service activated on or after May 25, 2008, the Early Termination Fee will be reduced by \$5.00 for each full month toward your minimum term that you complete.** You may cancel your service, for any reason and without incurring the Early Termination Fee, within thirty (30) days of signing your Wireless Service Agreement, PROVIDED, however, that if you cancel service you will remain responsible for any service fees and charges incurred. If you cancel within three (3) days of signing your Wireless Service Agreement, you will be entitled to a refund of your activation fee, if any. If you exercise this option, you may be required to return devices and associated accessories purchased in connection with your Wireless Service Agreement.

Service Availability and Access/Coverage: AT&T does not guarantee availability of wireless network. Services may be subject to certain equipment and compatibility/limitations including memory, storage, network availability, coverage, accessibility and data conversion limitations. Services (including without limitation, eligibility requirements, plans, pricing, features and/or service areas) are subject to change without notice. When outside coverage area, access will be limited to information and applications previously downloaded to or resident on your device. Coverage areas vary between AT&T BroadbandConnect, EDGE and GPRS. AT&T BroadbandConnect only available in select markets. See coverage map(s), available at store or from your sales representative, for details. AT&T BroadbandConnect download speeds only available on the AT&T BroadbandConnect network. Actual download speeds depend upon device characteristics, network, network availability and coverage levels, tasks, file characteristics, applications and other factors. Performance may be impacted by transmission limitations, terrain, in-building/in-vehicle use and capacity constraints.

Information/Content/Applications: Certain information, applications, or other content is provided by independently owned and operated content providers or service providers who are subject to change at any time without notice. AT&T IS NOT A PUBLISHER OF THIRD-PARTY INFORMATION, APPLICATIONS, OR OTHER CONTENT AND IS NOT RESPONSIBLE FOR ANY OPINIONS,

ADVICE, STATEMENTS, OR OTHER INFORMATION, SERVICES OR GOODS PROVIDED BY THIRD PARTIES. Third-party content or service providers may impose additional charges. Policies regarding intellectual property, privacy and other policies or terms of use may differ among AT&T's content or service providers and you are bound by such policies or terms when you visit their respective sites or use their services. It is your responsibility to read the rules or service agreements of each content provider or service provider. Any information you involuntarily or voluntarily provide third parties is governed by their policies or terms. The accuracy, appropriateness, content, completeness, timeliness, usefulness, security, safety, merchantability, fitness for a particular purpose, transmission or correct sequencing of any application, information or downloaded data is not guaranteed or warranted by AT&T or any content providers or other third party. Delays or omissions may occur. Neither AT&T nor its content providers, service providers or other third parties shall be liable to you for any loss or injury arising out of or caused, in whole or in part, by your use of any information, application or content, or any information, application, or other content acquired through the Service. You acknowledge that every business or personal decision, to some degree or another, represents an assumption of risk, and that neither AT&T nor its content and service providers or suppliers, in providing information, applications or other content or services, or access to information, applications, or other content underwrites, can underwrite, or assumes your risk in any manner whatsoever.

Prohibited and Permissible Uses: Except as may otherwise be specifically permitted or prohibited for select data plans, data sessions may be conducted only for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). **While most common uses for Intranet browsing, email and intranet access are permitted by your data plan, there are certain uses that cause extreme network capacity issues and interference with the network and are therefore prohibited. Examples of prohibited uses include, without limitation, the following: (i) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; (ii) as a substitute or backup for private lines, landlines or full-time or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate excessive amounts of net traffic, or which disrupt net user groups or email use by others; (iv) "spam" or unsolicited commercial or bulk email (or activities that have the effect of facilitating unsolicited commercial email or unsolicited bulk email); (v) any activity that adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' Internet-based resources, including "denial of service" (DoS) attacks against another network host or individual user; (vi) accessing, or attempting to access without authority, the accounts of others, or to penetrate, or attempt to penetrate, security measures of AT&T's wireless network or another entity's network or systems; (vii) software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or any "keep alive" functions, unless they adhere to AT&T's data retry requirements, which may be changed from time to time. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services, redirecting television signals for viewing on Personal Computers, web broadcasting, and/or for the operation of servers, telemetry devices and/or Supervisory Control and Data Acquisition devices is prohibited. Furthermore, plans (unless specifically designated for tethering usage) cannot be used for any applications that tether the device (through use of, including without limitation, connection kits, other phone/smartphone-to computer accessories, Bluetooth® or any other wireless technology) to Personal Computers (including without limitation, laptops), or other equipment for any purpose.** Accordingly, AT&T reserves the right to (i) deny, disconnect, modify and/or terminate Service, without notice, to anyone it believes is using the Service in any manner prohibited or whose usage adversely impacts its wireless network or service levels or hinders access to its wireless network, including without limitation, after a significant period of inactivity or after sessions of excessive usage and (ii) otherwise protect its wireless network

from harm, compromised capacity or degradation in performance, which may impact legitimate data flows. You may not send solicitations to AT&T's wireless subscribers without their consent. You may not use the Services other than as intended by AT&T and applicable law. Plans are for individual, non-commercial use only and are not for resale. AT&T may, but is not required to, monitor your compliance, or the compliance of other subscribers, with AT&T's terms, conditions, or policies.

Security: AT&T DOES NOT GUARANTEE SECURITY. Data encryption is available with some, but not all, Services sold by AT&T. If you use your device to access company email or information, it is your responsibility to ensure your use complies with your company's internal IT and security procedures.

Changes to the terms and conditions: These terms and conditions may be changed from time-to-time. AT&T will post the most current version of these terms and conditions at att.com/MediaTerms or other appropriate location. Please check these regularly to inform yourself about changes to the terms and conditions.

Access Requirements: Additional hardware, software, subscription, credit or debit card, Internet access from your compatible PC and/or special network connection may be required and you are solely responsible for arranging for or obtaining all such requirements. Some solutions may require third party products and/or services, which are subject to any applicable third party terms and conditions and may require separate purchase from and/or agreement with the third party provider. AT&T is not responsible for any consequential damages caused in any way by the preceding hardware, software or other items/requirements for which you are responsible.

Miscellaneous: Not all plans or Services are available for purchase or use in all sales channels, in all areas or with all devices. AT&T is not responsible for loss or disclosure of any sensitive information you transmit. AT&T's wireless services are not equivalent to landline Internet. AT&T is not responsible for nonproprietary services or their effects on devices. If applicable, use of Desktop Toolbar requires compatible home computer products. AT&T RESERVES THE RIGHT TO TERMINATE YOUR SERVICES WITH OR WITHOUT CAUSE, INCLUDING WITHOUT LIMITATION, UPON EXPIRATION OR TERMINATION OF YOUR WIRELESS SERVICE AGREEMENT. Caller ID blocking is not available when using the Services, and your wireless number is transmitted to Internet sites you visit. You may receive unsolicited messages from third parties as a result of visiting Internet sites, and a per-message charge may apply whether the message is read or unread, solicited or unsolicited.

Additional Terms: See below for additional terms relating to specific Services and rate plans. In addition, all use of AT&T's wireless network and the Services is governed by AT&T's Acceptable Use Policy, which can be found at att.com/AcceptableUsePolicy, as determined solely by AT&T. AT&T can revise its Acceptable Use Policy at any time without notice by updating this posting. Use of the Services is subject to Terms and Conditions of your Wireless Service Agreement. See Wireless Service Agreement, att.com/wireless or AT&T Customer Service for additional conditions, restrictions, privacy policy and information.

Intellectual Property: All trademarks, service marks and trade names used on or in connection with the Services are the property of their respective owners. You must respect the intellectual property rights of AT&T, our third-party content providers, and any other owner of intellectual property whose protected property may appear on any website and/or dialogue box controlled by AT&T or accessed through the AT&T's websites. Except for material in the public domain, all material displayed in association with the Service is copyrighted or trademarked. Except for personal, non-commercial use, trademarked and copyrighted material may not be copied, downloaded, redistributed, modified or otherwise exploited, in whole or in part, without the permission of the owner. The RIM and BlackBerry families of related marks, images and symbols are the exclusive properties and trademarks or registered trademarks of Research In Motion Limited - used by permission. Good, the Good logo and GoodLink are trademarks of Good Technology, Inc., in the United States and/or other countries. Good Technology, Inc., and its products and services are not related to, sponsored by or affiliated with Research In Motion Limited. AT&T, the AT&T logo and all other AT&T marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. All other marks contained herein are the property of their respective owners.

II. ADDITIONAL TERMS FOR SPECIFIC WIRELESS DATA SERVICES

TEXT, INSTANT MESSAGING AND PICTURE/VIDEO MESSAGING Messages are limited to 160 characters per message. Premium text and picture/video messages are charged at their stated rates. Standard rates apply to all incoming messages when in the U.S. Different, non-standard per message charges apply to international messages sent from the U.S. Text, Instant, Picture, and Video messages are charged when sent or received, whether read or unread, solicited or unsolicited. AT&T does not guarantee delivery of messages. Text, Instant, Picture, and Video messages, including downloaded content, not delivered within 7 days will be deleted. AT&T reserves the right to change this delivery period as needed without notification. You are charged for each part of messages that are delivered to you in multiple parts. Picture/Video Messaging, data plan, and Text Messaging may need to be provisioned on an account in order to use Picture/Video Messaging. Some elements of Picture/Video messages may not be accessible, viewable, or heard due to limitations on certain wireless phones, PCs, or e-mail. AT&T reserves the right to change the Picture/Video message size limit at any time without notification. Picture/Video Messaging pricing is for domestic messages only. When a single message is sent to multiple recipients, the sender is charged for one message for each recipient and each recipient is charged for the message received. Text message notifications may be sent to non-Picture/Video Messaging subscribers if they subscribe to Text Messaging.

UNLIMITED MOBILE TO MOBILE MESSAGING

Includes unlimited text, picture, and video messages between AT&T's wireless customers sent or received while on the AT&T owned wireless network. Instant Messages and any other usage not expressly included herein will be debited from your package's messaging allowance. A subscription to one of the current Message Packages, Media Bundles or Max Bundles is required.

DIRECTBILL SERVICE

DirectBill enables you to bill third party content or services on your wireless bill. Use of the DirectBill service constitutes consent to these terms and conditions. There is no charge for creating an AT&T DirectBill account and DirectBill is available to you automatically as a subscriber. **Charges and Payment:** You will be charged monthly on your AT&T wireless bill for all transactions entered into during the previous billing period using the DirectBill service. If you authorize others to use your payment information, you are liable for charges they incur. You have full-time access to your transaction history by logging into att.com/db and selecting "Review My Account." You may contest charges and seek refunds for purchases with which you are not satisfied. AT&T reserves the right to restrict the use of the DirectBill service or terminate the account of anyone who seeks refunds on improper grounds or otherwise abuses the DirectBill service. Prepaid/GoPhone customers: Transactions will be debited from your account balance at the time of the transaction. If there are insufficient funds in your account at the time of the transaction, you will not be able to complete your purchase or receive the requested services.

RINGTONES/GRAPHICS/GAMES/COOL TOOLS/ALERTS

Actual ringtone, graphics, game or Cool Tools may vary based on the handset capabilities. Ringtones, graphics, games, Cool Tools, and alerts may be delivered in multiple messages. Ringtone, graphic, game, and Cool Tool charges are incurred at the stated one-time download rate or subscription rate, plus a kilobyte charge for the content transport when delivered. You will be charged each time you download ringtones, graphics, games, and Cool Tools. Usage charges apply to play multi-user games against other wireless users or the server.

AT&T SOUNDS TONE CLUB

Your enrollment gives you the option to receive text messages each week on music trivia, news and more. Every 30 days your subscription will be automatically renewed and new credits added to your account which can be used to buy ringtones and graphics through the Media Mall. Music, Voice, Sound Effect Tones, polyphonic ringtones & graphics are 1 credit. Unused credits expire at the end of each 30 day period. The 30 day period is not necessarily equivalent to a calendar month end or the billing cycle. You may terminate your subscription at any time by texting the word "STOP" to 7225. Any remaining credits will be available for the remainder of your subscription billing cycle. Savings claim based on price of Music Tones. Ringtone and graphics provided by independent providers.

MOBILE EMAIL

Requires e-mail account with compatible internet service provider and a downloaded or preloaded e-mail application for the wireless device. Access and use of Mobile Email is billed by total volume of data sent and received (in kilobytes) in accordance with your Media Net service. E-mail attachments can not be sent, downloaded, read, or forwarded on the mobile device. Only a paper clip icon appears indicating an attachment. You must view attachments from your PC. Upgrades to the application may be required in order to continue to use the service. Wireless data usage charges will apply for downloading the application and any upgrades.

CV-VIDEO

Not available in all areas and not available when off the AT&T-owned network. 3G phone and eligible wireless data plan required. Depending on selected data plan, eligible wireless voice plan may also be required. Unlimited Media Net package or eligible unlimited data plan required for CV. CV is charged at stated monthly subscription rates or at stated pay per view rates. CV provided by a monthly subscription rotates as appropriate for the service and is subject to withdrawal in the provider's sole discretion. CV provided on a pay per use basis can be viewed an unlimited number of times for 24 hours. CV is for individual use only and not for resale. No content may be captured or forwarded. Some CV content may be inappropriate for younger viewers. Parental guidance suggested. Use Parental Controls to restrict access to mature content. All screen images are simulated.

AT&T WI-FI SERVICES

AT&T Wi-Fi service use with a Wi-Fi capable wireless device is subject to the Terms of Services & Acceptable Use Policy ("Terms") found at HYPERLINK https://secure.sbc.com/tosaup.adp https://secure.sbc.com/tosaup.adp. Your use represents your agreement to those Terms, incorporated herein by reference. AT&T Wi-Fi Basic service is available at no additional charge to wireless customers with select Wi-Fi capable devices and a qualified data rate plan. Other restrictions may apply.

DATACONNECT PLANS

DataConnect plans may ONLY be used with AT&T certified Laptop/Connect (PC Data) Cards and other devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranet, email, and individual productivity applications like customer relationship management, sales force, and field service automation). **On DataConnect Plans with a monthly megabyte (MB) or gigabyte (GB) allowance, once you exceed your monthly allowance you will be automatically charged for overage as specified in the applicable rate plan information (generally per Kb for any data used or a fee for additional MB allowances to be used during the month). All data allowances must be used in the billing period in which the allowance is provided.** We may, at our discretion, suspend your account if we believe your data usage is excessive, unusual or is better suited to another rate plan. If you are on a data plan that does not include a monthly MB/GB allowance and additional data usage rates, you agree that AT&T has the right to impose additional charges if you use more than 5 GB in a month; provided that, prior to the imposition of any additional charges, AT&T shall provide you with notice and you shall have the right to terminate your Service.

SMARTPHONE/BLACKBERRY PLANS

Smartphone/BlackBerry plans may ONLY be used with AT&T-certified RIM BlackBerry devices, and smartphones for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). Data Services sold for use with AT&T RIM BlackBerry devices, and smartphones may not be used with other devices, including but not limited to, Personal Computers, PC Data Cards and the like, either by tethering devices together, by SIM card transfer or any other means.

SMARTPHONE/BLACKBERRY PLANS WITH TETHERING

Smartphone/BlackBerry plans with Tethering may ONLY be used with AT&T-certified RIM BlackBerry devices and smartphones for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). Smartphone/BlackBerry plans with Tethering

may be used to tether such smartphone and BlackBerry devices to a Personal Computer. **If you are on a data plan that does not include a monthly megabyte allowance and additional data usage rates, the parties agree that AT&T has the right to impose additional charges if you use more than 5 GB in a month. Prior to the imposition of any additional charges, AT&T shall provide you with notice and you shall have the right to terminate your service.**

BLACKBERRY PERSONAL

Includes BlackBerry Internet Service (BIS) for individual access to up to 10 Internet email accounts including AOL, Yahoo! and POP3/IMAP4 Internet Service Providers. If more than 1,000 emails reside on the BIS server or email is older than 30 days, it may be automatically deleted. May not be used to access corporate email; use with Mail Connector and/or BlackBerry Enterprise Server prohibited.

XPRESS MAIL SERVICE

Eligible data plan required. Not available with DataConnect plan activation on LaptopConnect card. You may cancel Xpress Mail at any time. You will be billed for all usage up to cancellation of Xpress Mail. Measured usage will be charged as specified in your plan. Xpress Mail leverages point-to-point secure encryption, using the following technologies: AES and SSL. AT&T provides devices that support both AES and SSL. AT&T encrypts and stores your email address and password to enable delivery of your email to your device.

ENTERPRISE EMAIL

Eligible data plan and device required. Terms may vary depending on selected Enterprise Email solution.

BLACKBERRY CONNECT

May be used with BlackBerry Enterprise Server™ for corporate access (behind the firewall) to Microsoft® Exchange and Lotus Domino email and personal information management; valid Client Access License(s) required. Includes BlackBerry Internet Service™ (BIS) for individual access to up to 10 Internet email accounts including AOL, Yahoo! and POP3/IMAP4 Internet Service Providers. If more than 1,000 emails reside on the BIS server or email is older than 30 days, it may be automatically deleted. Mail Connector is not supported.

BLACKBERRY INTERNATIONAL

May be used with BlackBerry Enterprise Server™ for corporate access (behind the firewall) to Microsoft Exchange, Lotus Domino and Novell® GroupWise email and personal information management; valid Client Access License(s) required. Includes BlackBerry Internet Service (BIS) for individual access to up to 10 Internet email accounts including AOL, Yahoo! and POP3/IMAP4 Internet Service Providers. If more than 1,000 emails reside on the BIS server or email is older than 30 days, it may be automatically deleted. Individual access to Microsoft Exchange and Lotus Domino requires Mail Connector software, which can be downloaded from att.com/blackberrystart (BIS setup site). Tethered plan requires AT&T Communication Manager 5.2 or higher and BlackBerry Handheld software 4.1 or higher. BlackBerry International requires a minimum one-year agreement and you must remain on eligible BlackBerry International plan for a minimum one-year term.

GOOD MOBILE MESSAGING

Requires compatible Good Server and, with respect to each end user, a compatible Good Client Access License (CAL) for use with an eligible AT&T Good plan. Solution includes software, products and related services provided by Good Technology, Inc. ("Good"), which are subject to applicable Good terms and conditions. Good is solely responsible for all statements regarding, and technical support for, its software, products and services. In the event you cease to be an employee of your company, or if your company ceases to support your Good Client Access License, you may migrate to another AT&T data plan for which you qualify.

MICROSOFT DIRECT PUSH

Requires Microsoft Exchange 2003 Server with Service Pack 2 and, with respect to each end user, a compatible device operating on a Windows Mobile 5 platform (with Message Security Feature Pack) and an email account enabled with Direct Push. Plans include end

user and IT help desk customer support from AT&T for Windows Mobile 5 and device side ActiveSync issues. AT&T does not sell, supply, install or otherwise support Microsoft software, products or services (including without limitation, Exchange and Direct Push). In the event you cease to be an employee of your company, or if your company ceases to support a compatible Exchange Server, you may migrate to another AT&T data plan for which you qualify.

DATA GLOBAL ADD-ON

May only be used with eligible AT&T-certified devices. Domestic data usage not included. Qualified domestic wireless data plan required. Available countries, coverage and participating international carriers included in the "Select International Roam Zone" vary from our generally available Canada/international wireless data room zones and may not be as extensive. The Select International Roam Zone is restricted to select international wireless carrier(s). See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. With respect to the countries included in the Select International Roam Zone, you will be restricted from accessing Service through any non-participating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international wireless data room zones. Eligible wireless voice plan is required. If combined with a wireless voice plan that includes international voice roaming, your international wireless voice roaming in countries included in the Global Data Add-On's Select International Roam Zone will be limited to the participating Canada/international wireless carriers and you will be restricted from voice roaming through any non-participating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international voice roam zones. Requires minimum one-year agreement and you must remain on an eligible Data Global Add-On, for a minimum one-year term.

DATACONNECT GLOBAL PLANS

Available countries, coverage and participating international carriers included in the "Select International Roam Zone" vary from our generally available Canada/international wireless data room zones and may not be as extensive. The Select International Roam Zone is restricted to select international wireless carrier(s). See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. With respect to the countries included in the Select International Roam Zone, you will be restricted from accessing Service through any nonparticipating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international wireless data room zones. Requires minimum one-year agreement and you must remain on an eligible DataConnect Global plan for a minimum one-year term. Voice access is restricted and prohibited.

DATACONNECT NORTH AMERICA PLAN

Available countries, coverage and participating international wireless carriers included in the "Select Canada/Mexico Roam Zone" vary from our generally available Canada/international wireless data room zones and may not be as extensive. Select Canada/Mexico Roam Zone is restricted to select wireless carrier(s) and coverage areas within Canada and Mexico. See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. Under this plan, you will be restricted from accessing Service through any non-participating Canada/Mexico wireless carriers that may otherwise be included in our generally available Canada and international wireless data room zones. Requires minimum one-year agreement and you must remain on eligible DataConnect North America plan for a minimum one-year term. Voice access is restricted and prohibited.
