

Ok, This is BullS***. I Have noticed when i watch movies on Television (Cable), That they Censor out women when they dont have their bras,tops, whatever on. Then i noticed on the paid programming channels with workouts and body building that the men do not have shirts on and they dont censor that out.... Why not????? It's Basically nudity, Unfair BullS***, Please uncensor the women if your going to keep the men uincensored or i will push this subject to the higher power!
