Re: Notice of Oral Ex Parte Presentation
Regarding GN Docket Nos. 09-47, 09-51, 09-137, 09-157

Dear Ms. Dortch:

On behalf of QUALCOMM Incorporated (“Qualcomm”), this is to report that on yesterday, November 10, 2009, I had a telephone conversation with Arnab Das of the Commission’s staff regarding Qualcomm’s mirasol display technology, which is discussed in our filings in the above-referenced proceedings. During the conversation, I explained to Mr. Das that the use of a mirasol display in a wireless phone will result in an approximately 30 to 35% reduction in power, and that a mirasol display uses one tenth to one one hundredth of the power of a traditional display. For additional information on mirasol, I referred Mr. Das to www.mirasoldisplays.com.

Respectfully submitted,

/s/ Dean R. Brenner
