In the Matter of)
)
Amendment of Section 73.202(b),)
Table of Allotments,) MB Docket No. 08-228
FM Broadcast Stations.) RM-11481
(Port Angeles, Washington))

To: Secretary,
Attn: Chief, Audio Services Division, Media Bureau

COMMENTS OF JODESHA BROADCASTING, INC.

Jodesha Broadcasting, Inc. (“Jodesha”), the Petitioner in the above rulemaking proceeding is filing these Comments to reconfirm its intention to prosecute its applications for minor changes in the facilities of Stations KANY, Ocean Shores, Washington and KSWW, Montesano, Washington, grant of which applications are contingent upon the Commission substituting Channel 271A for vacant allotment Channel 229A at Port Angeles, Washington, and, upon grant of those applications, promptly to make the proposed changes in the facilities of Stations KANY and KWSS.

Since Jodesha is only the “proponent” of the Port Angeles channel substitution in so far as such substitution is necessary to permit Jodesha to make the changes it has requested, by application, in the KANY and KWSS facilities, and since Jodesha’s intention to proceed with the changes in KANY and KWSS once the path to those changes was cleared by changing the Port Angeles allotment was evidenced by Jodesha’s having filed the pending KANY and KWSS minor change applications and paying the filing fees for those applications, Jodesha does not believe that it was required or expected to file Comments in this proceeding. Nevertheless, Jodesha is filing these Comments in case the Commission’s staff believes that an expression of “continuing interest” from Jodesha is required or helpful in connection with finalizing this rulemaking proceeding.

As there are no other parties to this proceeding, there is no possibility that any party will be prejudiced by acceptance of these late filed Comments.

Respectfully submitted,
