Re: Ex Parte Presentation in: WT Docket No. 07-293, IB Docket No. 95-91, Gen. Docket 90-357, RM No. 8610, GN Docket No. 09-51

Dear Ms. Dortch:

This letter provides notice that on November 24, 2009, William Wallace of DigitalBridge Communications Corp., Kurt Schaubach of NRTC, Raj Singh and Ron Olexa of Horizon Wi-Com, Monish Kundra of Columbia Capital LLC, Paul Sinderbrand of Wilkinson Barker Knauer, LLP, Nick Allard of Patton Boggs LLP, and Jennifer McCarthy of NextWave Wireless Inc. met with Blair Levin regarding the above captioned proceedings in which changes are proposed to the technical rules governing both SDARS and WCS to enable coexistence of the two services.

The parties discussed the importance of bringing the WCS-SDARS rulemaking proceeding to a conclusion as quickly as possible to enable WCS licensees to move forward with mobile broadband deployments and meet their substantial service obligations, which will rapidly increase the build-out and utilization of high-speed broadband infrastructure to unserved and underserved areas and will help the Commission achieve its objective of ensuring every American has access to broadband capability.

Respectfully submitted,
