**PETITION OF CELLCO PARTNERSHIP FOR PRO FORMA AMENDMENT OF ETC
DESIGNATIONS IN THE STATE OF NORTH CAROLINA**

Cellco Partnership d/b/a Verizon Wireless and its affiliates (hereinafter “Cellco”) hereby request the amendment of the eligible telecommunications carrier (“ETC”) designations held in the name of ALLTEL Communications, Inc., and its affiliated legal entities (“Alltel”) in the State of North Carolina to reflect Cellco as the designated entity.¹ The pro forma amendment requested herein merely completes, for purposes of the ETC entities, the transaction that the Commission approved last year, whereby Alltel and its affiliates became wholly-owned indirect

¹ *Federal-State Joint Board on Universal Service, ALLTEL Communications, Inc.*, CC Docket No. 96-45, Order, 19 FCC Rcd 20496 (WCB 2004) (“2004 ALLTEL Order”); *High-Cost Universal Service Support, Federal-State Joint Board on Universal Service, Alltel Communications, Inc., et al., Petitions for Designation as Eligible Telecommunications Carriers*, WC Docket No. 05-337, CC Docket No. 96-45, Order, 23 FCC Rcd 8834 (2008) (“2008 ALLTEL Order”). These designations are referred to herein collectively as the “North Carolina ETC Designations.” Effective December 31, 2007, Alltel, a Delaware corporation, changed its name to Alltel Communications, LLC.

subsidiaries of Cellco.² This amendment will allow Cellco to complete the network and customer care integration and provide the full benefits to North Carolina consumers contemplated in the merger as approved by the Commission.³ Cellco does not seek through this amendment to expand the geographic scope of the North Carolina ETC Designations, and will seek high cost support consistent with the conditions imposed in the *Cellco-Alltel Order*.⁴

I. COMMISSION AUTHORITY OVER THE ETC DESIGNATIONS

Section 214(e)(2) of the Communications Act of 1934, as amended, gives state commissions the primary responsibility for performing ETC designations.⁵ Section 214(e)(6), however, directs the Commission, upon request, to designate as an ETC “a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission.”⁶ The Virginia Corporation Commission has provided an affirmative statement that it lacks jurisdiction to address ETC designation petitions from wireless carriers.⁷ Thus, this Commission has the authority under section 214(e)(6) to determine if Cellco possesses the qualifications to hold an ETC designation in the State of North Carolina.

⁷ *See Attachment 2.*

II. ELIGIBILITY REQUIREMENTS FOR ETC DESIGNATION

Cellco meets all of the eligibility requirements for designation as an ETC.⁸ As demonstrated by the attached certification,⁹ Cellco will (1) offer the services designated for support by the Commission pursuant to section 254(c) of the Act; (2) offer the supported services using its own facilities; and (3) advertise the availability of the supported services and associated charges using media of general distribution. Cellco proposes to have the exact same ETC service area that Alltel possesses today.¹⁰

III. PUBLIC INTEREST ANALYSIS

In designating Alltel as an ETC, the Commission specifically concluded that Alltel's ETC designations would serve the public interest.¹¹ Cellco will abide by all of the public interest commitments that Alltel made in connection with its North Carolina ETC Designations. In particular, Cellco will continue to comply with the CTIA Consumer Code and will provide annual reports on its progress towards meeting network improvement objectives.¹²

In addition, the Commission concluded that Cellco's acquisition of the Alltel entities would "result in transaction-specific public interest benefits,"¹³ including increased wireless footprint and network coverage; expanded and improved services and features, particularly in

⁸ See 47 C.F.R. §§ 54.201-54.202; *Procedures for FCC Designation of Eligible Telecommunications Carriers Pursuant to Section 214(e)(6) of the Communications Act*, CC Docket No. 96-45, Public Notice, 12 FCC Rcd 22947, 22948-49 (1997) ("*Section 214(e)(6) Public Notice*").

rural areas; expanded roll-out of broadband and next-generation services; improvements in service quality; efficiencies and economies of scale and scope; and strengthened competition.¹⁴ The Commission noted Cellco's commitments to "expeditiously integrate" Alltel's CDMA voice network into the Verizon Wireless network, which would provide concrete benefits to Alltel customers, particularly in rural areas.¹⁵ The requested amendment of Alltel's ETC designations will facilitate and expedite this network integration by allowing unified booking and reporting of customer account and network expenditure information for competitive ETC purposes, even as the network integration proceeds.

Cellco does not seek through this amendment to expand the geographic scope of the ETC designated areas, and it seeks competitive ETC high-cost support consistent with the conditions imposed in the *Cellco-Alltel Order*.¹⁶

This amendment necessitates no redefinition of any rural telephone company study areas. As noted above, Cellco will have the same ETC designated area as Alltel; thus, to the extent that this service area includes any partial rural telephone company study areas, these study areas have been redefined previously for Alltel or other ETCs.¹⁷

¹⁴ *Id.* at 17498-515 ¶¶ 122-156.

¹⁵ *Id.* at 17500-01 ¶¶ 124-125.

¹⁶ *Cellco-Alltel Order*, 23 FCC Rcd at 17532 ¶ 197. As a further condition of the merger, Cellco was required to divest certain properties, including properties in North Carolina. *See id.* at 17551-53, App. B. The merger condition regarding high cost universal service support does not, however, apply to those properties. *Id.* at 17531-32 ¶¶ 196-97 (high cost support condition applies to "properties which Verizon Wireless retains"). The amended designation Cellco seeks here does not subject the divestiture properties to the merger condition and does not affect the administration of high cost support funding with respect to the study areas codes assigned to the divestiture properties.

¹⁷ *See, e.g., 2008 ALLTEL Order*, 23 FCC Rcd at 8843-8848 ¶¶ 19, 24, 31 & n.54.

For all these reasons, the requested amendment of Alltel's North Carolina ETC Designations to reflect Cellco as the designated entity will serve the public interest.

IV. REGULATORY OVERSIGHT

Cellco certifies, as required by section 254(e) of the Act, to use high-cost support “only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.”¹⁸ Cellco acknowledges that it must, under sections 54.313 and 54.314 of the Commission's rules, certify annually that it is in compliance with this requirement. Cellco further commits that it will provide annual reports on its progress towards meeting network improvement objectives,¹⁹ and comply with any other regulatory requirements imposed in the North Carolina ETC Designations or applying generally to Commission-designated competitive ETCs.

V. ANTI-DRUG ABUSE CERTIFICATION

Cellco certifies that no party to this petition is subject to a denial of federal benefits, including Commission benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862, and Sections 1.2001-1.2003 of the Commission's rules, 47 C.F.R. §§ 1.2001-1.2003.

¹⁸ See 47 U.S.C. § 254(e). See also Attachment 1.

¹⁹ See 2004 ALLTEL Order, 19 FCC Rcd at 20502-03 ¶ 15. See also 47 C.F.R. § 54.209(a).

CONCLUSION

This pro forma amendment petition is consistent with the merger already approved in the *Cellco-Alltel Order* and is requested to facilitate the network integration contemplated therein.

The request is pro forma in nature and should be granted expeditiously.

Respectfully submitted,

CELLCO PARTNERSHIP AND ITS AFFILIATES

DECLARATION OF MARK R. SMITH

I, Mark R. Smith, do hereby declare under penalty of perjury that:

1. I am Executive Director – Finance for Cellco Partnership d/b/a Verizon Wireless and its affiliates (Cellco).
2. I have reviewed the foregoing Pro Forma Petition of Cellco Partnership for Amendment of ETC Designations in the State of North Carolina (“Petition”) and certify that the facts stated therein are true and correct to the best of my personal knowledge, information, and belief.
3. Cellco currently offers and is able to provide, within its proposed designated service areas, the functionalities identified in 47 C.F.R. § 54.101(a):
 - a. voice grade access to the public switched telephone network;
 - b. local usage;
 - c. dual tone multi-frequency (“DTMF”) signaling or its functional equivalent;
 - d. single-party service or its functional equivalent;
 - e. access to emergency services;
 - f. access to operator services;
 - g. access to interexchange service;
 - h. access to directory assistance; and
 - i. toll limitation for qualifying low-income consumers.¹
4. Cellco will provide the supported services using its own network infrastructure.
5. Cellco will advertise the availability of its universal service offerings and the corresponding rates for those services using media of general distribution throughout the designated service areas.
6. Cellco will use all of the high-cost universal service support received only for the provision, maintenance, and upgrading of services and facilities for which the support is intended.
7. No party to this application is subject to a denial of federal benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862 and Sections 1.2001-1.2003 of the Commission’s rules, 47 C.F.R. §§ 1.2001-1.2003.

¹ The company’s Lifeline plan provides the functional equivalent of toll limitation because it offers Lifeline customers the ability to terminate calls anywhere in the nation without incurring toll charges.

The foregoing is true, complete, and correct to the best of my knowledge, information and belief.

(State of North Carolina Utilities Commission Order
Regarding ETC Jurisdiction)

**STATE OF NORTH CAROLINA
UTILITIES COMMISSION
RALEIGH**

DOCKET NO. P-100, SUB 133c

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of
Designation of Carriers Eligible for Universal)
Carrier Support) **ORDER GRANTING PETITION**

BY THE COMMISSION: On August 22, 2003, North Carolina RSA3 Cellular Telephone Company, d/b/a Carolina West (Carolina West), a commercial mobile radio service (CMRS) provider, filed a Petition seeking an affirmative declaratory ruling that the Commission lacks jurisdiction to designate CMRS carrier eligible telecommunications carrier (ETC) status for the purposes of receiving federal universal service support.

In support of its Petition, Carolina West stated that it was a CMRS provider authorized by the Federal Communications Commission (FCC) to provide cellular mobile radio telephone service in North Carolina, and that the FCC had clearly recognized that CMRS carriers such as Carolina West may be designated as ETCs. ETC status is necessary for a provider to be eligible to receive universal service support. Section 214(e)(6) of the Telecommunications Act provides that if a state commission determines that it lacks jurisdiction over a class of carriers, the FCC is charged with making the ETC determination. The FCC has stated that, in order for the FCC to consider requests pursuant to this provision, a carrier must provide an "affirmative statement" from the state commission or court of competent jurisdiction that the state lacks jurisdiction to perform the designation. To date, several state commissions have declined to exercise such jurisdiction.

North Carolina has excluded CMRS from the definition of "public utility." See, G.S. 62-3(23)). Pursuant to this, the Commission issued its Order Concerning Deregulation of Wireless Providers in Docket Nos. P-100, Sub 114 and Sub 124 on August 28, 1995, concluding that the Commission no longer has jurisdiction over cellular services. Accordingly, Carolina West has now requested the Commission to issue an Order stating that it does not have jurisdiction to designate CMRS carriers ETC status for the purposes of receiving federal universal service support.

WHEREUPON, the Commission reaches the following

CONCLUSIONS

After careful consideration, the Commission concludes that it should grant Carolina West's Petition and issue an Order stating that it lacks jurisdiction to designate ETC status

for CMRS carriers. As noted above, in its August 28, 1995, Order in Docket Nos. P-100, Sub 114 and Sub 124, the Commission observed that G.S. 62-3(23), enacted on July 29, 1995, has removed cellular services, radio common carriers, personal communications services, and other services then or in the future constituting a mobile radio communications service from the Commission's jurisdiction. 47 USC 3(41) defines a "state commission" as a body which "has regulatory jurisdiction with respect to the intrastate operation of carriers." Pursuant to 47 USC 214(e)(6), if a state commission determines that it lacks jurisdiction over a class of carriers, the FCC must determine which carriers in that class may be designated as ETCs. Given these circumstances, it follows that the Commission lacks jurisdiction over CMRS services and the appropriate venue for the designation of ETC status for such services is with the FCC. Accord., Order Granting Petition, ALLTEL Communications, Inc., June 24, 2003.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 28th day of August, 2003.
