RE: Developing a Unified Intercarrier Compensation Regime, CC Docket No. 01-92; High-Cost Universal Service Support, WC Docket No. 05-337; Federal-State Joint Board on Universal Service, CC Docket No. 96-45; Intercarrier Compensation for ISP-Bound Traffic, WC Docket No. 99-68; Establishing Just and Reasonable Rates for Local Exchange Carriers, WC Docket No. 07-135, A National Broadband Plan for Our Future, GN Docket No. 09-51

Dear Ms. Dortch:

On Thursday, December 17, 2009, Robert W. Quinn, Jr., Senior Vice President-Federal Regulatory, Hank Hultquist, Joel Lubin and David Hostetter with AT&T, met with Sharon Gillett, Don Stockdale, Marcus Maher, Lynne Engledow, Albert Lewis and Douglas Slotten of the Wireline Competition Bureau. All comments at this meeting were consistent with AT&T's filings in the above proceeding.

There have been many starts and stops since the Commission first initiated a review of its intercarrier compensation rules in April of 2001 and AT&T is encouraged by the Commission's renewed commitment to intercarrier compensation reform. A comprehensive solution is the only solution that serves the long-term interests of America's consumers and is a critical element in the development of the Commission's broadband plan.

In accordance with Section 1.1206 of the Commission's rules, this letter is being filed electronically with your office for inclusion in the public record of the above referenced proceedings.

Please call me if you have any questions.

Sincerely,

/s/ Brian J. Benison
