**Subject:** RE: Re: Cobb County Selective Review

Hello Melinda:

I left a message for you on Friday. I just wanted to follow-up with you as promised. We reviewed the competitive bidding issue regarding the bid matrix evaluation. After further review, we determined that the competitive bidding process was not a multi-tier process and the FRN(s) will not be denied for this reason. We are continuing the review of the applications. The PIA or Selective reviewers may have additional questions regarding your applications as they continue the review of the FY 2008 applications.

Please let me know if you have any additional questions.

Also, I will contact you later this week to confirm the HATS visit scheduled for next week.

Good morning, Leslie.

I was wondering if you had any good news for Cobb County School District this week. We just took an \$8 million state budget cut and would welcome a funding decision from USAC.

Regards,

Melinda
