

My name is Lea Anne Windham and I am being harrassed by WFNNB - the collector for Victoria's Secret. They made a mistake in my bill in the summer and I corrected it, but they claim I still owe them money. I have paid them and then written them several times with my argument. They call me 10 to 12 times a day on my home phone and my cell phone. I want them to stop their harrassment of my phone numbers!

The phone numbers they call me from are different each time - I assume in order to 'trick' me into answering. The phone numbers are : 303-255-5025, 614-729-6078, 913-563-5523, 614-212-7561, 913-563-5509. Those are just from today.

I would like for them not to call my cell phone at all - I think it should be illegal.

Thank you very much

Lea Anne
