

Please keep the Internet free, uncensored, without discrimination, and unhampered by Internet service providers attempts to manage content. Protect Net Neutrality!

I tried to file a report recently and received a letter stating that I did not give enough information, though I answered every required question. You need to make sure the process is simple and works effectively (without technical glitches) to allow all citizens equal access to weigh in on matters of communication in our country.

Thank you for listening to the voices of Americans.
