

To the Federal Communications Commission:

I am a free citizen of the United States of America exercising my First Amendment Rights. I am hereby expressing my total support for the Net Neutrality movement!

It's now time for the FCC to respond and enact strong rules to keep the Internet free from blocking, censorship and discrimination.

This is an issue with real consequences for real people. Don't give in to pressure from AT&T, Comcast, Verizon and their lobbyists. Stand with me and other Americans in support of a strong Net Neutrality rule.

I have written to my senators, congressman, senators, and the president to express my concerns on this issue. I am very eager to see actions by my FCC to protect my right to continue to use an unrestricted internet!

Sincerely,

Michael Nathan Langford
