

I'm a daily user of the internet and enjoy the freedom I have to search for anything and everything without condition or restriction. This is a fundamental right of free speech and freedom in general. I strongly oppose any control from big business over the Internet. Please do not let this happen. Kind regards. Adam vanderwaard

More than a million Americans have called on Washington to protect Net Neutrality – the rule that lets me control my Internet experience.

It's now time for the FCC to respond and enact strong rules to keep the Internet free from blocking, censorship and discrimination.

This is an issue with real consequences for real people. Don't give in to pressure from AT&T, Comcast, Verizon and their lobbyists. Stand with me and other Americans in support of a strong Net Neutrality rule.
