Re: Ex Parte Presentation (IB Docket No. 95-91; WT Docket No. 07-293)

Dear Ms. Dortch:

On January 14, 2010, representatives from Sirius XM Radio, Inc. ("Sirius XM") met with the staff of the International Bureau to discuss issues associated with the above-captioned proceedings.

Attending the meeting were James S. Blitz of Sirius XM along with Michael Lewis, Greg Elias and myself, all from Wiley Rein LLP, counsel to Sirius XM. Attending from the International Bureau were Mindel De La Torre, Roderick Porter, Steven Spaeth, Stephen Duall and Chip Fleming.

In summarizing the status of the two proceedings, Sirius XM again emphasized that if the Commission were to amend its rules to allow mobile broadband operations in the WCS band, those rules should identify and detail mobile WCS operating parameters and usage restrictions that would protect Sirius XM's subscribers. We also provided Ms. DeLaTorre and her staff with a summary presentation¹ and video² that have been previously inserted into the record.

Sincerely,

/s/ Robert L. Pettit

Robert L. Pettit
Counsel to Sirius XM Radio, Inc.
