

This is a make it or break it issue. If the FCC does not protect Net Neutrality, we will demand from our representatives -and not elect any who do not promise to do so- that the FCC be disbanded or its members replaced.

It's now time for the FCC to respond and enact strong rules to keep the Internet free from blocking, censorship and discrimination.

This is an issue with real consequences for real people. Don't give in to pressure from AT&T, Comcast, Verizon and their lobbyists. Stand with me and other Americans in support of a strong Net Neutrality rule.
