

Please protect Net Neutrality – the rule that lets me control my Internet experience. I am asking the the FCC to respond and enact strong rules to keep the Internet free from blocking and censorship. This is a historic time in the world- we have the ability to research on the internet and come to our own conclusions about product and policy. We have the ability to read alternate news and we have the freedom to innovate and start business and ideas without loage amount sof capitol (or some taking a cut).

Don't give in to pressure from AT&T, Comcast, Verizon and their lobbyists. Please stand with me and other Americans in support of a strong Net Neutrality rule. The internet is still in its infancy and we must protect it!

Thank you,
Barbara Rivera
