

On or about January 19, 2010 Capital One contact me on my cell phone that I have not authorized them to place a call to. The cell phone number in question is (\*\*\*) \*\*\*-7335. I have not contacted them in any way to give them this information. Also on or about January 19, 2010. I Contacted Capital One, phone number of (301) 223-0059 and informed them they are in violation of the TCPA Act of 1991 and are subject to a fine of \$500 for each act or up to \$1500 for each unauthorized phone call. I also submit they have made several phone calls during the month of January 2010 but didn't leave a message.
