Dear Ms. Dortch:

On behalf of the above-referenced Applicants and at the request of Bureau staff, attached please find a chart listing the Applicants' principal actual and potential competitors in the states in which the Applicants provide service to customers. This information was derived from state regulatory commission information and the Applicants' local marketing and other business personnel. Additional information will be submitted concerning the pending application for Triarch Marketing, Inc. and Triarch Acquisition Group, Inc. once a docket number has been designated for that transaction.

As indicated in the attached chart, Applicants will continue to face a significant number of actual and potential competitors in the markets in which the Applicants currently maintain CLEC operations. To the extent there are markets in which more than

one of the affiliated Applicants have a CLEC presence, the combined company will be a more effective competitor to the ILEC and other established competitive local service providers in those markets. Commission approval of the transaction would therefore clearly serve the public interest and be consistent with applicable Commission precedent.¹

Please contact the undersigned or Robert Morse, Applicant's federal regulatory counsel, at (202) 383-3393, rmorse@wbklaw.com if additional information is needed.

Respectfully submitted,

By: /s/
