

I am upset with the proposal to widen the bandwidth of RTTY and Digital.

I am currently studying to get my Technician and General licenses. One of the draws to this hobby for me is CW. I can't stand by and see all this time, effort and money I have currently invested in a hobby which I can't even do yet ruined by the self serving interests of one group. Please make the correct decision and do not allow this to happen.

Thank you.
