**Re: *EX PARTE PRESENTATION --Telecommunications Relay Services And
Speech-to-Speech Services for Individuals with Hearing and Speech
Disabilities, CG Docket No. 03-123***

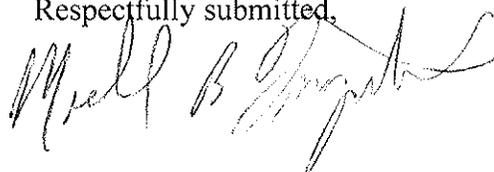

Dear Ms. Dortch:

On February 1, 2010, Sprint's Michael Ellis, Karl Ewan and the undersigned met with Thomas Chandler, Greg Hlibok and Diane Mason, all of whom are staff members of the Disabilities Rights Office in the FCC's Consumer and Governmental Affairs Bureau, as well as Sharon Diskin, a staff member in FCC's Office of Inspector General. The purpose of the meeting was to discuss the fact that the TRS Fund Administrator – the National Exchange Carrier Association (NECA) – was, without justification, withholding payment for certain VRS calls that Sprint handled during the period beginning in August 2009 and continuing to the present, as well as the fact that NECA had yet to pay Sprint for the costs it incurred during 2009 in implementing and promoting the Commission's 10-digit numbering plan for IP-enabled Relay services. During the meeting Sprint provided the staff with information (a redacted version of which is attached) showing, *inter alia*, the impact of NECA's unjustified action here on Sprint.
