

You MUST do your job...you are charged with the responsibility of protecting the civil liberties, the free speech and the integrity of the airways, promoting and insuring that there is no dominance of access or special interests that run counter to the best interests of freedom for the American people. You have failed, and have become criminally responsible for handing over our rights, our airways, and your very souls to the highest bidder. Throughout the Bushs era, you dismissed, disregarded, and overrode the expressed wishes, demands, and the public interest, evidenced in the total rejection of our participation in great numbers at the mandated public hearings (which you tried to avoid even holding.) You have been complicit in a virtual takeover by your corporate masters to sell us out to their domination, while shutting down the free speech of America. Shame!!!

You quashed the free voice of America, and you should rot in jail and in hell for your greedy, lying, sell-out of your Country.

Now, more than a million Americans have called on Washington to protect Net Neutrality – the rule that lets me control my Internet experience.

It's now time for the FCC to respond and enact strong rules to keep the Internet free from blocking, censorship and discrimination.

This is an issue with real consequences for real people. Don't give in to pressure from AT&T, Comcast, Verizon and their lobbyists. Stand with me and other Americans in support of a strong Net Neutrality rule.
