This application was denied because I did not provide the Item 21 Attachments for this application.

The Item 21 Attachments for this applications had been prepared online months earlier, but I wanted to review them before submission. However, during this time, my father was in the Intensive Care Unit three times due to heart attacks. I thought I had put this application on summer deferral, but apparently had failed to do so. In the past, PIA has given warning when an

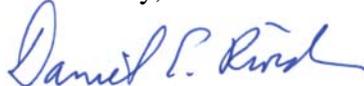

application is about to be denied, and since I had not received such a warning, I believed that the deferral had been granted.

I appealed this application to USAC. Due to a clerical error, the initial appeal included an incomplete Item 21 Attachment. The complete Item 21 Attachment was faxed the next day and sent by email subsequently. The corrected Item 21 Attachments were apparently not assigned to this appeal. The corrected Item 21 Attachments are in Appendix A.

The Shore Regional High School District requests that these funding requests be approved. If you need any further information, please contact me.

Thank you for your attention to this matter.

Sincerely,

Daniel E. Riordan
President
