

Appeal for denial of funds

Our school, Andalusia school, with BEN 16038314, and form 471 number 582891, was denied funding for basic telephone charges when we filed form 486. The USAC indicated that no technology plan in place. However, bills submitted shows great portion of the bill for basic telephone services and we should be receive funds for that portion, which doesn't require technology plan.
