Re: Notice of Ex Parte Presentation in GN Docket No. 09-47, In the Matter of International Comparison and Consumer Survey Requirements in the Broadband Data Improvement Act; GN Docket No. 09-51, A National Broadband Plan for Our Future; GN Docket No. 09-137, Inquiry Concerning the Deployment of Advanced Telecommunications Capability to All Americans in a Reasonable and Timely Fashion, and Possible Steps to Accelerate Such Deployment Pursuant to Section 706 of the Telecommunications Act of 1996, as Amended by the Broadband Data Improvement Act.

Dear Ms. Dortch:

This is to notify you that pursuant to Section 1.1206 of the Commission's Rules that Aryeh Fishman, and David Owens from the Edison Electric Institute and met on January 12, 2010 with Nick Sinai, Energy and Environment, Director, National Broadband Task Force, and Thomas Koutsky, Senior Advisor OBI, National Broadband Task Force, in connection with the above-referenced proceedings.

During the meeting, the parties discussed background regarding the electric industry's smart grid development efforts, as well as electric industry positions regarding spectrum for existing and future utility and critical infrastructure industry uses, access to consumer data, and pole attachment rates and access. The substance of the discussions during this meeting was consistent with the position of EEI in comments filed on the record in these proceedings. If you have any questions concerning this matter, please let me know.

Respectfully submitted
