FCC'S CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI) RULES**

South Central Telephone Association, Inc.'s operating procedures ensure that South Central Telephone is in compliance with the FCC's CPNI Rules because disclosure of, or permitting access to, our customers' CPNI is not allowed without obtaining the requisite customer approval, except as required by law, or the exceptions set forth in 47 U.S.C. §222, and Subpart U of Title 47 of the Code of Federal Regulations; 47 C.F.R §64.2001 through §64.2011.

South Central Telephone has internal procedures in place to educate our employees about CPNI and the disclosure of CPNI. Our employees are instructed that CPNI is information that relates to the quantity, technical configuration, type, destination, location and amount of use of the telecommunications services subscribed to by any customer of South Central Telephone that is made available to us by the customer solely by virtue of our relationship with our customers; and information contained in the bills pertaining to telephone exchange service or toll service of other carriers that we bill for received by our customers; except that such term does not include subscriber list information. The Company has not taken any action against data brokers during the preceding year regarding unauthorized release of CPNI; nor has the Company received any customer complaints concerning the unauthorized access to or unauthorized disclosure of CPNI. The Company has implemented safeguard procedures to protect our customers' CPNI from pretexters including, but not limited to, the adoption and implementation of a policy for customer requests for CPNI consistent with 47 C.F.R. §64.2010.

If our customers' CPNI is used for sales and marketing campaigns, the appropriate safeguards are taken as set forth in 47 C.F.R. §64.2009.
