REQUEST FOR EXTENSION

Zayo Enterprise Networks, LLC (FCC FRN No. 0015-3316-89) respectfully requests a 30-day extension of time to April 1, 2010, to complete and file the Form 477 due March 1, 2010.

Zayo Enterprise Networks, LLC acknowledges the importance of the information being requested by FCC in the Form 477 as well as the need to have this information provided in a timely manner. However, the information being requested in the Form 477, and the related information gathering process, represents significant research. As such, the process of completing the Form 477 has placed a substantial burden and hardship on Zayo Enterprise Networks, LLC to complete by March 1, 2010, for the following reasons: 1) a significant portion of the information and data required is not currently kept in the ordinary course of business, and 2) being a small provider, the information gathering requirements have necessitated that several personnel abandon existing customer focused job functions in order to gather Form 477 information.

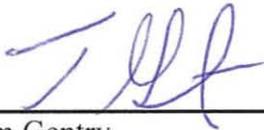

Zayo Enterprise Networks, LLC is a small telecommunications provider based in Colorado with approximately 400 customers. However, the census tract data required in the Form 477 is not currently being tracked by Zayo Enterprise Networks, LLC, nor does Zayo Enterprise Networks, LLC currently have an automated system to track it if it was available information. This has required Zayo Enterprise Networks, LLC to devote several employees to manually look up each customer address and then manually look up the census tract code.

Zayo Enterprise Networks, LLC is committed to providing the information required in the Form 477, and continues to devote employee time to completion of the Form 477 as quickly and accurately as possible. However, given the amount and nature of the

information being requested, Zayo Enterprise Networks, LLC does not believe it has the time or resources to accurately complete the Form 477 by March 1, 2010. With a 30-day extension to file Zayo Enterprise Networks, LLC believes it can accurately provide all the requested information, as well as establish the needed procedures to more efficiently prepare future Form 477s. By granting this extension to Zayo Enterprise Networks, LLC, the Commission would be benefiting the public interest by allowing Zayo Enterprise Networks, LLC to provide more accurate data.

In conclusion, for the foregoing reasons, Zayo Enterprise Networks, LLC requests the Commission grant it a 30 day extension of time to submit its revised Form 477 filing, currently due March 1, 2010. If the Form 477 is successfully completed prior to the expiration of the 30 day extension, it will be submitted at that time.

Respectfully submitted,

2/26/2010

Tim Gentry
