Name of signatory: John L. Scarano

Title of signatory: President

Certification:

I, John L. Scarano, certify that I am an officer of the companies named above, and acting as an agent of the companies, that I have personal knowledge that the companies have established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. *See 47 C.F.R. § 64.2001 et seq.*

Attached to this certification is an accompanying statement explaining how the companies' procedures ensure that the companies are in compliance with the requirements

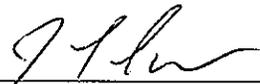

¹ With respect to Local Fiber, LLC ("Local Fiber"), this certification covers the period from September 9, 2009, when Local Fiber was acquired by Zayo Group, LLC ("Zayo"), through the end of the year. A separate certification covering the period from January 1, 2009 through September 8, 2009, will be filed by a former officer of Local Fiber's parent company, FiberNet Telecom Group, Inc.

(including those mandating the adoption of CPNI procedures, training, recordkeeping, and supervisory review) set forth in section 64.2001 *et seq.* of the Commission's rules.

The companies have not taken actions (i.e., proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year.

The companies have not received any customer complaints in the past year concerning the unauthorized release of CPNI.

The companies represent and warrant that the above certification is consistent with 47 C.F.R § 1.17 which requires truthful and accurate statements to the Commission. The companies also acknowledge that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

Signed

CERTIFICATION OF CPNI FILING THE ZAYO BANDWIDTH ENTITIES
FEBRUARY 26, 2010
EB Docket No. 06-36; EB-06-TC-060

Statement of CPNI Procedures and Compliance

Fiberlink, LLC, Zayo Bandwidth Central, LLC, Zayo Bandwidth Indiana, LLC, Zayo Bandwidth Northeast, LLC, Zayo Bandwidth Northeast Sub, LLC, Zayo Bandwidth Tennessee, LLC, and Local Fiber (collectively, the “Zayo Bandwidth Entities”) provide wholesale bandwidth services to other carriers, government and enterprise customers and large business customers.

The Zayo Bandwidth Entities do not use or permit access to CPNI to market any services outside of the “total services approach” as specified in 47 CFR §64.2005. Nor do the Zayo Bandwidth Entities allow affiliates or third parties access to CPNI for marketing-related purposes. If any of the Zayo Bandwidth Entities elects to use CPNI in a manner that does require customer approval, it will follow the applicable rules set forth in 47 CFR §64.2001 *et seq.*, including the institution of operational procedures to ensure that the appropriate notification is provided and customer approval is obtained before CPNI is used or disclosed. The Zayo Bandwidth Entities will develop and implement an appropriate tracking method to ensure that customers’ CPNI approval status can be verified prior to using CPNI for marketing-related purposes. The Zayo Bandwidth Entities will also adopt the requisite record-keeping requirements should they use CPNI in the future for marketing-related purposes.

Consistent with the Commission’s rules, the Zayo Bandwidth Entities use, disclose, and permit access to CPNI without customer approval for the purposes of: (1) billing and collecting for services rendered; (2) protecting the rights and property of the Zayo Bandwidth Entities, other users, and other carriers from unlawful use; (3) providing inside wiring, installation, maintenance, and repair services; and (4) providing or marketing services that are within the same class of services to which the customer already subscribes.

Zayo Bandwidth Entities do not engage in marketing when a customer makes an inbound call to one of the Zayo Bandwidth Entities. Should the Zayo Bandwidth Entities change this practice, the companies will, in accordance with the CPNI rules, obtain a customer’s oral authorization that the Zayo Bandwidth Entities’ customer service representatives may access a customer’s CPNI during the course of an inbound or outbound telephone conversation, solely for the duration of that conversation. Each such representative of the Zayo Bandwidth Entities will be required to provide the disclosures demanded by 64.2008(c) of the CPNI rules including informing customers of their right to deny access to the CPNI before requesting this one-time consent.

The Zayo Bandwidth Entities will not provide CPNI without proper customer authentication and do not provide call detail records over the phone. Call detail records are provided exclusively via e-mail or U.S. mail, to the postal or electronic address of record. In order to authenticate a customer’s identity prior to disclosing CPNI, the Zayo Bandwidth Entities authenticate the customer using a variety of methods. The Zayo Bandwidth Entities will inform customers of change of address in a manner that conforms with the relevant rules.

The Zayo Bandwidth Entities have implemented procedures to provide law enforcement with notice should a breach of CPNI occur. After notifying law enforcement and unless directed otherwise, the Zayo Bandwidth Entities will notify affected customers. The Zayo Bandwidth Entities will maintain a record of any CPNI-related breaches for a period of at least two years.

The Zayo Bandwidth Entities provide training concerning CPNI compliance. All employees of the Zayo Bandwidth Entities are required to maintain the confidentiality of all information, including customer information that is obtained as a result of their employment by the Zayo Bandwidth Entities. Employees of the Zayo Bandwidth Entities who do not abide by these policies or otherwise permit the unauthorized use or disclosure of CPNI will be subject to discipline, including possible termination.
