EB Docket No. 06-36; EB-06-TC-060

Statement of CPNI Procedures and Compliance

Zayo Enterprise Networks, LLC ("ZEN") provides integrated voice, data and video services to public and private sector companies.

ZEN does not use or permit access to CPNI to market any services outside of the "total services approach" as specified in 47 CFR §64.2005. Nor does ZEN allow affiliates or third parties access to CPNI for marketing-related purposes. If ZEN elects to use CPNI in a manner that does require customer approval, it will follow the applicable rules set forth in 47 CFR §64.2001 *et seq.*, including the institution of operational procedures to ensure that the appropriate notification is provided and customer approval is obtained before CPNI is used or disclosed. ZEN will develop and implement an appropriate tracking method to ensure that customers' CPNI approval status can be verified prior to using CPNI for marketing-related purposes. ZEN will also adopt the requisite record-keeping requirements should it use CPNI in the future for marketing-related purposes.

Consistent with the Commission's rules, ZEN uses, discloses, and permits access to CPNI without customer approval for the purposes of: (1) billing and collecting for services rendered; (2) protecting the rights and property of ZEN, other users, and other carriers from unlawful use; (3) providing inside wiring, installation, maintenance, and repair services; and (4) providing or marketing services that are within the same class of services to which the customer already subscribes.

ZEN does not engage in marketing when a customer makes an inbound call to ZEN. Should the ZEN change this practice, ZEN will, in accordance with the CPNI rules, obtain a customer's oral authorization that ZEN's customer service representatives may access a customer's CPNI during the course of an inbound or outbound telephone conversation, solely for the duration of that conversation. Each such ZEN representative will be required to provide the disclosures demanded by 64.2008(c) of the CPNI rules including informing customers of their right to deny access to the CPNI before requesting this one-time consent.

ZEN will not provide CPNI without proper customer authentication and does not provide call detail records over the phone. Call detail records are provided exclusively via e-mail or U.S. mail, to the postal or electronic address of record. In order to authenticate a customer's identity prior to disclosing CPNI, ZEN authenticates the customer using a variety of methods. ZEN will inform customers of change of address in a manner that conforms with the relevant rules.

ZEN has implemented procedures to provide law enforcement with notice should a breach of CPNI occur. After notifying law enforcement and unless directed otherwise, ZEN will notify affected customers. ZEN will maintain a record of any CPNI-related breaches for a period of at least two years.

ZEN provides training concerning CPNI compliance. All employees of ZEN are required to maintain the confidentiality of all information, including customer information that is obtained as a result of their employment by ZEN. Employees of ZEN who do not abide by these policies or otherwise permit the unauthorized use or disclosure of CPNI will be subject to discipline, including possible termination.
