RE: Comments to Further Notice of Proposed Rulemaking
Amendment of Parts 15, 74, and 90 of the Commission's Rules Regarding
Low Power Auxiliary Stations, Including Wireless Microphones
WT Docket Nos. 08-166, 08-167; ET Docket No. 10-24

Dear Chairman Genachowski:

As a mobile audio truck owner-engineer for over 40 years, I respectfully request the FCC protect wireless microphones from interference and ensure that wireless microphones users will be eligible for licenses. Wireless microphones, intercoms and in-ear systems are utilized in every aspect of my business in recording of live concerts for TV and Radio broadcast. Interference to my wireless devices would negatively affect my ability to record and broadcast the events my clients have hired me to capture.

I can be contacted at the address on my letterhead or by e-mail. I appreciate your favorable consideration of this request.

Sincerely,
Malcolm Harper, Owner-President
