RE: Comments to Further Notice of Proposed Rulemaking Amendment of Parts 15, 74, and 90 of the Commission's Rules Regarding Low Power Auxiliary Stations, Including Wireless Microphones
WT Docket Nos. 08-166, 08-167; ET Docket No. 10-24

Dear Chairman Genachowski:

As Pastor of Manchaca Baptist Church, I respectfully request the FCC protect wireless microphones from interference and ensure that wireless microphone users will be eligible for licenses. Wireless mics are utilized in our worship services by speakers, vocalists and musicians. Our Sunday morning services are recorded for members unable to attend the services as well as for broadcast the following week in a service conducted at the same time in another part of our facility. Interference would negatively affect the worship experience of our congregation.

Special seasonal events (commencement exercises, Christmas programs, Easter pageants, dramatic presentations, etc.) also require the use of wireless microphones for participants, whether they are musicians, speakers or actors. In addition to worship services and special events mentioned above, we open our church facility to the community and host high school musical programs, civic orchestra performances, regional gospel sings, etc., all of which utilize wireless microphones for amplification.

Please feel free to contact me or any member of our Multi-media Committee, as listed below, at the address on our letterhead or email MBCOffice@manchacabaptist.com. We at Manchaca Baptist Church will greatly appreciate your favorable consideration of this request.

Sincerely,

Dr. Craig S. Taylor

Dr. Craig S. Taylor, Pastor
