

Hello

My name is Michael Denton. I am a Purple Outreach specialist in New Mexico and also a customer that use Purple service since i have used 3 other services and I prefer using Purple interpreters.. and I SHOULD NOT have to pay BACK FCC all the money that begins when I became a Purple rep. I strongly disagree!! I want to have EQUAL FUNCTION.. same as you. hearing people. ease of using ANY phone providers DESPITE where you work. I BET that many of you use ATT,Verizon or Tmobile and that did NOT interupt the way you handle your business with FCC??? you use cell phones at work. right?? Of COURSE! same thing for us here at home or on personal matters of calling my doctors etc etc.. Purple is far beyond the best company that supports the deaf rights.. I joined Purple PURELY for the fact they SUPPORT the rights of ALL Deaf AMERICANS!! Please make sure Purple stay in business! thank you
