Petition for Waiver)	

ACSW's Request to Withdraw or Dismiss its TTY Waiver Petition

ACS Wireless, Inc. ("ACSW") hereby requests that it be allowed to withdraw or that the FCC dismiss its Petition for Extension of Waiver of 47 C.F.R. §20.18(c) Requirements ("Petition"), filed December 24, 2003 in this docket.

In its Petition, ACSW had asked permission from the Commission to keep its limited TDMA network operational without a TTY compatible solution until February 18, 2008.¹ ACSW was in the process of making its CDMA network commercially available. However, it had encountered unforeseen delays and did not want to shut down the TDMA network at the analog conversion deadline because it was not TTY compliant.

¹ In response to ACSW's earlier Petition for Waiver of 47 C.F.R. §20.18, filed April 18, 2002, the Commission had granted ACSW a conditional waiver from application of the TTY rules until December 31, 2003 in light of ACSW's migration away from its TDMA network. *See Order, In the Matter of Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems*, CC Docket No. 94-102, 17 FCC Rcd. 12084 (June 28, 2002).

ACSW has fully deployed its CDMA network, which is TTY compliant. Therefore, ACSW no longer needs a waiver of Section 20.18(c). ACSW requests that it be allowed to withdraw or that the FCC dismiss its Petition.

Dated this 8th day of March, 2010.

ACS Wireless, Inc.
