RE: GN Docket Nos. 09-51, 09-47 and 09-137

Dear Ms. Dortch:

Today the undersigned and Ann Bobeck met with Lisa Fowlkes and Jennifer Manner of the Public Safety and Homeland Security Bureau at their request. The purpose of the meeting was to discuss generally public safety issues surrounding the upcoming national broadband report, including emergency response interoperability, network reliability, priority access and next generation alerting technologies in a developing broadband environment. We expressed our interest in working with the FCC, particularly with regard to alerting and interagency coordination issues, as more details of the national broadband plan become available.

Respectfully submitted,
