In re: 700 MHz Interoperable Broadband Public Safety Broadband Network PS Docket 06-229

Dear Ms. Dortch:

On March 16, 2010, I met with Jamie Barnett, Jennifer Manner, and David Furth of the Public Safety and Homeland Security Bureau to discuss proposed policy elements of the public safety portion of the National Broadband Plan.

The specific focus of this meeting included discussions related to the functional and operational elements of the Emergency Response Interoperability Center, the role of State and local public entities in the public safety-related components of the proposed governance structure of the National Broadband plan, and proposed funding elements for the construction of the public safety broadband network.

Respectfully Submitted,

Joe Hanna, President
