In re: 700 MHz Interoperable Broadband Public Safety Broadband Network PS Docket 06-229

Dear Ms. Dortch:

On April 14, 2010, Roger Quayle, Chief Technology and Co-Founder of IPWireless (via teleconference) and Andy Smith, Vice President of IPWireless, met with Jennifer Manner, David Furth, Jeff Cohen, Pat Amodio, Behzad Ghaffari, Leslie Haney, Jeffrey Goldthorp and Erika Olsen (via teleconference) of the Public Safety and Homeland Security Bureau, Stagg Newman, Walter Johnston and Tom Peters of the OSP, and Ziad Sleem with the Wireless Telecommunications Bureau to further discuss elements of the IPWireless Comments of April 6, 2010 filed in response to the Commission's inquiry regarding early deployment of public safety broadband networks in the 700 MHz band.

IPWireless also responded to questions raised by Commission staff related to 3GPP standards evolution and projected timelines for interoperability between equipment from different vendors.

Respectfully Submitted,

Joe Hanna, President
