RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I am writing to you today to state my support for Comcast and NBC Universal's new joint venture. Comcast enjoys a well-deserved, longstanding reputation as an excellent cable, Internet, and telephone service provider. But beyond the services it provides, the company has earned the respect of the communities in which it operates by sincerely investing in local economies and culture. As the Executive Vice President and Chief Operating Officer of the Main Line Chamber of Commerce (MLCC), I applaud Comcast's commitment to our communities.

The MLCC is dedicated to enabling our members to succeed, promoting economic growth in the region, developing an informed business community and improving the quality of life on the Main Line. We provide quality events for the community, and Comcast has generously supported us by sponsoring some of our activities. Comcast employee Tony Colantonio also gives his time and knowledge by sitting on our Board of Directors.

I am confident that Comcast will continue to maintain the high standards it sets for itself in its new venture with NBC Universal.

Sincerely,
