Re: Aries Network, Inc.
Amendment to Application for Consent and Request for Special
Temporary Authority to Transfer Control of a Company Holding an
International Authorization and Blanket Domestic Authorization Pursuant
to Section 214 of the Communications Act of 1934, as Amended
WC Docket No. 10-85
IB File Nos. ITC-T/C-20100402-00148 and ITC-STA-20100402-00147

Dear Ms. Dortch:

NobelTel, LLC ("NobelTel") and Aries Network, Inc. ("Aries"), by NobelTel's attorney, hereby amend the request for special temporary authority ("STA") that is captioned above. In this STA request, NobelTel and Aries seek temporary authority to close on the transfer of control of Aries from Kulait Khalaf ("Ms. Khalaf") to NobelTel as described in the Section 214 applications also captioned above (Aries, NobelTel, and Ms. Khalaf, collectively the "Parties"). By this letter, NobelTel and Aries advise the Commission that the Parties closed on this transaction on April 5, 2010.

As discussed in the STA request, the Parties only recently came to agreement on this transaction. Upon reaching agreement, the Parties moved quickly to prepare and file the necessary transfer of control applications. However, because of concerns about the preservation of assets and the continued availability of suitable financing, the Parties determined that it was necessary to close in advance of receipt of regulatory approvals. NobelTel and Aries note that the transaction is generally transparent to customers, as Aries will continue to provide to its

customers the same services at the same rates, terms and conditions pursuant to existing authorizations, tariffs, contracts, and published rates and charges. Furthermore, the transaction serves the public interest, as it significantly strengthen the ability of the combined organizations to compete effectively in the telecommunications and information services market. Aries and NobelTel apologize for any inconvenience their actions may have caused Commission staff.

NobelTel and Aries acknowledge that grant of the STA request will not prejudice any action the Commission may take on the transfer of control applications and that, once granted, the STA may be revoked on the Commission's own notice, without hearing. NobelTel and Aries further acknowledge that grant of an STA and the transfer of control applications will not preclude enforcement action.

Please contact the undersigned counsel if you have any questions regarding this matter.

Sincerely,

Joan M. Griffin
