RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I recognize that you are in the process of reviewing a proposed joint venture between Comcast and NBC Universal. As part of that review, I am sure that you will be taking interest in learning how these companies partner with the local communities they serve. We feel that Comcast believes in the mission of our organization and has demonstrated this through a new partnership to help improve the lives of children in the Chicago area through volunteerism as they help beautify our school that will help our youth develop and thrive. This has offered an invaluable opportunity for us and we feel this reflects a true commitment to corporate citizenship.

Our mission at Beacon-Therapeutic is to empower children and families by helping them find their way to a better future by providing accredited educational, mental health and social services. We know that Comcast shares the goals of our organization. We are excited to have Comcast as an engaged partner and look forward to working with them on future projects.

We feel that Comcast's partnership with NBC Universal will also be beneficial to the community through providing more opportunities for supporting children and education.

We hope you will join us in support and look forward to a flourishing partnership with Comcast.

Sincerely,

Susan Reyna-Guerrero, LCSW  
President and CEO
