MB Docket No. 10-56

Dear Chairman Genachowski,

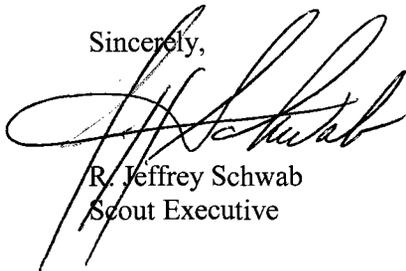

I am writing on behalf of the Georgia-Carolina Council of the Boy Scouts of America.

Our organization has one overarching goal – to instill character in and to teach good citizenship to the youth of the United States. We believe trust, loyalty, courtesy, kindness, bravery and reverence are the backbone of our society.

As such, we partner with the organizations and individuals we think represent our core values and goals and exemplify strong leadership for our scouts. Comcast has been and continues to be at the top of our list. The company’s commitment to youth leadership initiatives and community partnership are unmatched. Comcast never hesitates to support our many and important fundraisers. Additionally, Abu Khan (from the Augusta Comcast office) donates his valuable time by serving on our board of directors.

We ask you give the Comcast-NBCU transaction careful consideration. Our partnership with Comcast has been invaluable. We believe strengthening Comcast and NBCU means strengthening a vital corporate partner for our organization and the community at large.

Sincerely,

R. Jeffrey Schwab
