Re: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

As the mayor of Brick Township, New Jersey, I would like to offer a few words for the record regarding your review of the joint venture between NBC Universal and Comcast.

Comcast's business of bringing entertainment and Internet access to our homes and small businesses has been much appreciated by our community for decades. But Comcast is much more than just another business to many of us. In light of the company's concerted and consistent efforts to make Brick Township a better place to live and work, we were pleased to renew its franchise license for the next quarter century. We are proud to host Comcast's offices and payment center in our community.

Comcast gives back to our community in a variety of ways. It partners with the people of Brick Township to organize our long-time summer tradition, SummerFest, which showcases family friendly entertainment and events like National Night Out Against Crime and Kids Night Celebration over the course of two months. Moreover, this year will mark the third year Comcast heads up a community effort led by its own employees to clean up our beaches as part of Comcast Cares Day.

Comcast is a great fit with our local community. Its investment in the township has helped make Brick Township the place it is today and I am confident that, should their venture be approved, the new entity will only augment its capacity to serve our people.

I am hopeful these comments are helpful to your review. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephen Acropolis".

Stephen Acropolis, Mayor
Brick Township, New Jersey
