

The following is pre-printed but I agree with it 1000%. The Bill of Rights clearly states FREEDOM of SPEECH. That means no matter how much I might disagree with what you have to say I will fight for your right to say it. Please read & heed the following. Thank-you.

The arguments made by advocates of so-called net neutrality regulations have been proven false by nearly a decade of experience since their concerns were first raised. The Internet is a remarkable free market success story, and the vast majority of Internet users are not clamoring for regulation.

Self-styled consumer groups asking for regulation actually represent an extreme left-wing ideology that is hostile to free-market capitalism and puts its trust in government. That is not the position of the "grassroots" or most American Internet users. I urge you to reject new regulations and allow the free-market Internet to continue flourishing.
