WC Docket No. 07-245

EX PARTE NOTICE

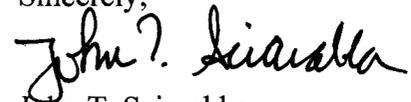

Dear Ms. Dortch:

Pursuant to the Commission's rules, we are filing this notice in the above referenced proceedings.

On March 25, 2010, Mr. William Johnson, President, Alden Systems ("Alden") and Mr. John Sciarabba, Executive Vice President, Alden Systems ("Alden"), met with members of the Commission's Wireline Competition Bureau, specifically, Ian Dillner, Jeremy Miller, Wes Platt, and Jonathon Reel.

During this meeting the attached presentation was distributed and discussed. It was emphasized that Alden's capabilities and products provide an economical and technical means of meeting many of the Commission's recommendations on Infrastructure made in Chapter 6 of the National Broadband Plan. More specifically, that Alden's products could (i) help manage pole attachment rates and make ready costs, (ii) resolve pole access and dispute issues, and (iii) make pole infrastructure data more widely available.

Sincerely,

John T. Sciarabba
