Dear Chairman Genachowski and Commissioners Copps, McDowell, Clyburn, and Baker:

On behalf of Cambridge Community Television, we submit the following documents to be filed in response to the FCC's inquiry into the "Future of Media and Information Needs of Communities in the Digital Age," Docket 10-25:

- Comments from Cambridge Community Television
- List of Organizations and City Agencies Served 2006-2009

We also request that you download CCTV's 2009 Annual Report at [cctvcambridge.org/forms](http://cctvcambridge.org/forms). (The file was too large to upload to the FCC website.) The annual report provides more details about our community media and technology services with specific examples of how CCTV serves the information needs of our community.

We hope you will consider this filing as an example of the role and potential of PEG access television in the broadband age.

Please do not hesitate to contact us if you have any questions.

Respectfully,
